2032	4,015,000	2042	4,345,000

\* Preliminary; subject to change.

**ADJUSTMENT TO THE BONDS MATURITY AMOUNTS**

The City reserves the right to increase or decrease the aggregate principal amount of the Bonds and to increase or reduce each scheduled maturity thereof after the determination of the successful bidder. The City may increase or decrease each maturity in increments of \$5,000 but the total amount to be issued will not exceed \$76,000,000. Interest rates specified by the successful bidder for each maturity will not change. Final adjustments shall be in the sole discretion of the City.

The dollar amount of the purchase price proposed by the successful bidder will be changed if the aggregate principal amount of the Bonds is adjusted as described above. Any change in the principal amount of any maturity of the Bonds will be made while maintaining, as closely as possible, the successful bidder's net compensation, calculated as a percentage of bond principal. The successful bidder may not withdraw or modify its bid as a result of any post-bid adjustment. Any adjustment shall be conclusive and shall be binding upon the successful bidder.

## INTEREST ON THE BONDS

Interest on the Bonds will be payable on June 1, 2023 and semiannually on the 1<sup>st</sup> day of December and June thereafter. Interest and principal shall be paid to the registered holder of a Bond as shown on the records of ownership maintained by the Registrar as of the 15<sup>th</sup> day of the month preceding such interest payment date (the “Record Date”). Interest will be computed on the basis of a 360-day year of twelve 30-day months and will be rounded pursuant to rules of the Municipal Securities Rulemaking Board.

## OPTIONAL REDEMPTION FOR THE BONDS

The Bonds due after June 1, 2030 will be subject to call prior to maturity in whole, or from time to time in part, in any order of maturity and within a maturity by lot on said date or on any date thereafter at the option of the City, upon terms of par plus accrued interest to date of call. Written notice of such call shall be given at least thirty (30) days prior to the date fixed for redemption to the registered owners of the Bonds to be redeemed at the address shown on the registration books.

## TERM-BOND OPTION

Bidders shall have the option of designating the Bonds as serial Bonds or term Bonds, or both. The applicable bid must designate whether each of the principal amounts shown above represent a serial maturity or a mandatory redemption requirement for a term bond maturity. (See the OFFICIAL BID FORM for more information.) In any event, the above principal amount scheduled shall be represented by either serial note maturities or mandatory redemption requirements, or a combination of both.

## GOOD FAITH DEPOSIT

A good faith deposit in the amount of \$751,100 (the “Deposit”), is required from the lowest bidder only of the Bonds. The lowest bidder is required to submit such Deposit payable to the order of the City in the form of either (i) a cashier’s check provided to the City or its Municipal Advisor, or (ii) a wire transfer as instructed by the City’s Municipal Advisor, no later than 12:00 P.M., Central Time, on the day of the sale of the Bonds. If not so received, the bid of the lowest bidder may be rejected and the City may direct the second lowest bidder to submit a deposit and thereafter may award the sale of the Bonds to the same. No interest on the Deposits will accrue to the successful bidder (the “Purchaser”). The Deposit will be applied to the purchase price of the Bonds. In the event a Purchaser fails to honor its accepted bid proposal, the applicable deposit will be retained by the City.

## FORM OF BIDS AND AWARD

All bids shall be unconditional for the Bonds for a price not less than \$74,208,680, plus accrued interest, and shall specify the rate or rates of interest in conformity to the limitations set forth under the “BIDDING PARAMETERS” section herein. Bids must be submitted on or in substantial compliance with the OFFICIAL BID FORM provided by the City. The Bonds will be awarded to the bidder(s) offering the lowest interest rate to be determined on a true interest cost (the “TIC”) basis assuming compliance with the “ESTABLISHMENT OF ISSUE PRICE” and “GOOD FAITH DEPOSIT” sections herein. The TIC shall be determined by the present value method, i.e., by ascertaining the semiannual rate, compounded semiannually, necessary to discount to present value as of the dated date of the Bonds, the amount payable on each interest payment date and on each stated maturity date or earlier mandatory redemption, so that the aggregate of such amounts will equal the aggregate purchase price offered therefore. The TIC shall be stated in terms of an annual percentage rate and shall be that rate of interest, which is twice the semiannual rate so ascertained (also known as the Canadian Method). The TIC shall be as determined by the Municipal Advisor based on the TERMS OF OFFERING and all amendments, and on the bids as submitted. The Municipal Advisor’s computation of the TIC of each bid shall be controlling. In the event of tie bids for the lowest TIC, the Bonds will be awarded by lot.

The City will reserve the right to (i) waive non-substantive informalities of any bid or of matters relating to the receipt of bids and award of the Bonds, (ii) reject all bids without cause, and (iii) reject any bid which the City determines to have failed to comply with the terms herein.

### BIDDING PARAMETERS

The rates of interest specified in the bidder's proposal must conform to the following limitations:

1. Each annual maturity must bear a single rate of interest from the dated date of the Bonds to the date of maturity.
2. Rates of interest bid must be in multiples of one-eighth or one-twentieth of one percent.
3. The initial price to the public for each maturity must be 98% or greater.

### RECEIPT OF BIDS

Forms of Bids: Bids must be submitted on or in substantial compliance with the TERMS OF OFFERING and OFFICIAL BID FORM provided by the City or through PARITY<sup>®</sup> competitive bidding system (the "Internet Bid System"). Neither the City nor its agents shall be responsible for malfunction or mistake made by any person, or as a result of the use of the Internet Bid System or the means used to deliver or complete a bid. The use of such facilities or means is at the sole risk of the prospective bidder(s) who shall be bound by the terms of the bid as received.

No bid will be accepted after the time specified in the TERMS OF OFFERING and OFFICIAL BID FORM. The time, as maintained by the Internet Bid System, shall constitute the official time with respect to all bids submitted. A bid may be withdrawn before the bid deadline using the same method used to submit the bid. If more than one bid is received from a bidder, the last bid received shall be considered.

Sealed Bidding: Sealed bids may be submitted and will be received at the office of the Finance Director/Treasurer, 400 Robert D. Ray Dr., Des Moines, Iowa 50309.

Electronic Internet Bidding: Electronic internet bids will be received at the office of the City's Municipal Advisor, PFM Financial Advisors LLC, 801 Grand Avenue, Suite 3300, Des Moines, Iowa, 50309. Electronic internet bids must be submitted through the Internet Bid System. Information about the Internet Bid System may be obtained by calling 212-849-5021.

Each prospective bidder shall be solely responsible for making necessary arrangements to access the Internet Bid System for purposes of submitting its electronic internet bid in a timely manner and in compliance with the requirements of the TERMS OF OFFERING and OFFICIAL BID FORM. The City is permitting bidders to use the services of the Internet Bid System solely as a communication mechanism to conduct the electronic internet bidding and the Internet Bid System is not an agent of the City. Provisions of the TERMS OF OFFERING and OFFICIAL BID FORM shall control in the event of conflict with information provided by the Internet Bid System.

### BOOK-ENTRY-ONLY SYSTEM

The Bonds will be issued by means of a book-entry-only system with no physical distribution of bond certificates made to the public. The Bonds will be issued in fully registered form and one bond certificate, representing the aggregate principal amount of the Bonds maturing in each year will be registered in the name of Cede & Co. as nominee of The Depository Trust Company ("DTC"), New York, New York, which will act as securities depository of the Bonds. Individual purchases of the Bonds may be made in the principal amount of \$5,000 or any multiple thereof of a single maturity through book entries made on the books and records of DTC and its participants. Principal and interest are payable by the Registrar to DTC or its nominee as registered owner of the Bonds. Transfer of principal and interest payments to participants of DTC will be the responsibility of DTC; transfer of principal and interest payments to beneficial owners by participants will be the responsibility of such participants and other nominees of beneficial owners. The Purchaser, as a condition of delivery of the Bonds, will be required to deposit the bond certificates with the Registrar on behalf of DTC.

## MUNICIPAL BOND INSURANCE AT PURCHASER'S OPTION

If the Bonds qualify for issuance of any policy of municipal bond insurance or commitment therefore, at the option of the bidder, the purchase of any such insurance policy or the issuance of any such commitment shall be at the sole option and expense of the Purchaser. Any increased costs of issuance of the Bonds, resulting from such purchase of insurance, shall be paid by the Purchaser, except that, if the City has requested and received a rating on the Bonds from a rating agency, the City will pay that initial rating fee. Any other rating agency fees shall be the responsibility of the Purchaser. Failure of the municipal bond insurer to issue the policy after the Bonds have been awarded to the Purchaser shall not constitute cause for failure or refusal by the Purchaser to accept delivery on the Bonds. The City reserves the right in its sole discretion to accept or deny changes to the financing documents requested by the insurer selected by the Purchaser.

## DELIVERY

The Bonds will be delivered to the Purchaser through DTC in New York, New York, against full payment in immediately available cash or federal funds. The Bonds are expected to be delivered within forty-five days after the sale. Should delivery be delayed beyond sixty days from the date of sale for any reason except failure of performance by the Purchaser, the Purchaser may withdraw their bid and thereafter their interest in and liability for the Bonds will cease. When the Bonds are ready for delivery, the City will give the Purchaser five working days' notice of the delivery date and the City will expect payment in full on that date; otherwise, reserving the right at its option to determine that the Purchaser failed to comply with the offer of purchase.

## ESTABLISHMENT OF ISSUE PRICE

The Purchaser shall assist the City in establishing the issue price of the Bonds and shall execute and deliver to the City at closing an "issue price" or similar certificate setting forth the reasonably expected initial offering price to the public or the sales price or prices of the Bonds, together with the supporting pricing wires or equivalent communications, substantially in the form attached hereto as EXHIBIT 1 - FORMS OF ISSUE PRICE CERTIFICATES to the TERMS OF OFFERING, with such modifications as may be appropriate or necessary, in the reasonable judgment of the Purchaser, the City and Bond Counsel. All actions to be taken by the City under the TERMS OF OFFERING to establish the issue price of the Bonds may be taken on behalf of the City by the Municipal Advisor identified herein and any notice or report to be provided to the City may be provided to the Municipal Advisor.

The City intends the provisions of Treasury Regulation Section 1.148-1(f)(3)(i) (defining "competitive sale" for purposes of establishing the issue price of the Bonds) will apply to the initial sale of the Bonds (the "competitive sale requirements") because (i) the City shall disseminate this TERMS OF OFFERING to potential underwriters in a manner that is reasonably designed to reach potential underwriters; (ii) all bidders shall have an equal opportunity to bid; (iii) the City may receive bids from at least three underwriters of municipal Bonds who have established industry reputations for underwriting new issuances of municipal Bonds; and (iv) the City anticipates awarding the sale of the Bonds to the bidder who submits a firm offer to purchase the Bonds at the highest price (or lowest interest cost), as set forth in the TERMS OF OFFERING.

Any bid submitted pursuant to the TERMS OF OFFERING shall be considered a firm offer for the purchase of the Bonds, as specified in the bid.

In the event the competitive sale requirements are not satisfied, the City shall so advise the Purchaser. The City may, as set forth below, determine to treat (i) the first price at which 10% of a maturity of the Bonds (the "10% test") is sold to the public as the issue price of that maturity, and/or (ii) the initial offering price to the public as of the sale date of any maturity of the Bonds as the issue price of that maturity (the "hold-the-offering-price rule"), in each case applied on a maturity-by-maturity basis (and if different interest rates apply within a maturity, to each separate CUSIP number within that maturity). The Purchaser shall advise the City if any maturity of the Bonds satisfies the 10% test as of the date and time of the award of the Bonds. The City shall promptly advise the Purchaser, at or before the time of award of the Bonds, which maturities (and if different interest rates apply within a maturity, which separate CUSIP number within that maturity) of the Bonds, if any, shall be subject to the 10% test and which shall be subject to the hold-the-offering-price rule. Bids will not be subject to cancellation in the event the City determines to apply the hold-the-offering-price rule to

any maturity of the Bonds. **Prospective bidders should prepare their bids on the assumption that some or all of the maturities of the Bonds will be subject to the hold-the-offering-price rule in order to establish the issue price of the Bonds.**

By submitting a bid, the Purchaser shall (i) confirm the underwriters have offered or will offer the Bonds to the public on or before the date of award at the offering price or prices (the “initial offering price”) or at the corresponding yield or yields set forth in the bid submitted by the Purchaser, and (ii) agree on behalf of the underwriters participating in the purchase of the Bonds, that the underwriters will neither offer nor sell unsold Bonds of any maturity to which the hold-the-offering-price rule shall apply to any person at a price that is higher than the initial offering price to the public during the period starting on the sale date and ending on the earlier of the following: (i) the close of the fifth (5th) business day after the sale date; or (ii) the date on which the underwriters have sold at least 10% of that maturity of the Bonds to the public at a price that is no higher than the initial offering price to the public.

The Purchaser shall promptly advise the City when the underwriters have sold 10% of that maturity of the Bonds to the public at a price that is no higher than the initial offering price to the public, if that occurs prior to the close of the fifth (5th) business day after the sale date.

The City acknowledges that, in making the representation set forth above, the Purchaser of the Bonds will rely on (i) the agreement of each underwriter to comply with the hold-the-offering-price rule, as set forth in an agreement among underwriters and the related pricing wires, (ii) in the event a selling group has been created in connection with the initial sale of the Bonds to the public, the agreement of each dealer who is a member of the selling group to comply with the hold-the-offering-price rule, as set forth in a selling group agreement and the related pricing wires, and (iii) in the event, an underwriter is a party to a retail distribution agreement that was employed in connection with the initial sale of the Bonds to the public, the agreement of each broker-dealer that is a party to such agreement to comply with the hold-the-offering-price rule, as set forth in the retail distribution agreement and the related pricing wires. The City further acknowledges that each underwriter shall be solely liable for its failure to comply with its agreement regarding the hold-the-offering-price rule and that no underwriter shall be liable for the failure of any other underwriter, or of any dealer who is a member of a selling group, or of any broker-dealer that is a party to a retail distribution agreement to comply with its corresponding agreement regarding the hold-the-offering-price rule as applicable to the Bonds.

By submitting a bid, each bidder confirms that (i) any agreement among underwriters, any selling group agreement and each retail distribution agreement (to which the bidder is a party) relating to the initial sale of the Bonds to the public, together with the related pricing wires, contains or will contain language obligating each underwriter, each dealer who is a member of the selling group, and each broker-dealer that is a party to such retail distribution agreement, as applicable, to (a) report the prices at which it sells to the public the unsold Bonds of each maturity allotted to it until it is notified by the Purchaser that either the 10% test has been satisfied as to the Bonds of that maturity or all Bonds of that maturity have been sold to the public, and (b) comply with the hold-the-offering-price rule, if applicable, in each case if and for so long as directed by the Purchaser and as set forth in the related pricing wires, and (ii) any agreement among underwriters relating to the initial sale of the Bonds to the public, together with the related pricing wires, contains or will contain language obligating each underwriter that is a party to a retail distribution agreement to be employed in connection with the initial sale of the Bonds to the public to require each broker-dealer that is a party to such retail distribution agreement to (a) report the prices at which it sells to the public the unsold Bonds of each maturity allotted to it until it is notified by the Purchaser or such underwriter that either the 10% test has been satisfied as to the Bonds of that maturity or all Bonds of that maturity have been sold to the public, and (b) comply with the hold-the-offering-price rule, if applicable, in each case if and for so long as directed by the Purchaser or such underwriter and as set forth in the related pricing wires.

Sales of any Bonds to any person that is a related party to an underwriter shall not constitute sales to the public for purposes of this TERMS OF OFFERING. Further, for purposes of this TERMS OF OFFERING, (i) “public” means any person other than an underwriter or a related party, (ii) “underwriter” means (a) any person that agrees pursuant to a written contract with the City (or with the lead underwriter to form an underwriting syndicate) to participate in the initial sale of the Bonds to the public, and (b) any person that agrees pursuant to a written contract directly or indirectly with a person described in clause “(a)” to participate in the initial sale of the Bonds to the public (including a member of a selling group or a party to a retail distribution agreement participating in the initial sale of the Bonds to the public), (iii) a purchaser of any of the Bonds is a “related party” to an underwriter if the underwriter and the Purchaser are subject, directly or

indirectly, to (a) at least 50% common ownership of the voting power or the total value of their stock, if both entities are corporations (including direct ownership by one corporation of another), (b) more than 50% common ownership of their capital interests or profits interests, if both entities are partnerships (including direct ownership by one partnership of another), or (c) more than 50% common ownership of the value of the outstanding stock of the corporation or the capital interests or profit interests of the partnership, as applicable, if one entity is a corporation and the other entity is a partnership (including direct ownership of the applicable stock or interests by one entity of the other), and (iv) “sale date” means the date the Bonds are awarded by the City to the Purchaser.

#### OFFICIAL STATEMENT

The City has authorized the preparation of this Preliminary Official Statement containing pertinent information relative to the Bonds. The Preliminary Official Statement will be further supplemented by offering prices, interest rates, selling compensation, aggregate principal amount, principal amount per maturity, anticipated delivery date and underwriter, together with any other information required by law or deemed appropriate by the City, and shall constitute a final Official Statement of the City with respect to the Bonds, as that term is defined in Rule 15c2-12 promulgated by the Securities and Exchange Commission under the Securities Exchange Act of 1934, as amended (the “Rule”). By awarding the Bonds to any underwriter or underwriting syndicate submitting an OFFICIAL BID FORM therefore, the City agrees that no more than seven (7) business days after the date of such award, it shall provide without cost to the senior managing underwriter of the syndicate to which the Bonds are awarded up to 15 copies of the final Official Statement to permit each “Participating Underwriter” (as that term is defined in the Rule) to comply with the provisions of the Rule. The City shall treat the senior managing underwriter of the syndicate to which the Bonds are awarded as its designated agent for purposes of distributing copies of the final Official Statement to the Participating Underwriter. Any underwriter executing and delivering an OFFICIAL BID FORM with respect to the Bonds, agrees thereby that if its bid is accepted by the City (i) it shall accept such designation, and (ii) it shall enter into a contractual relationship with all Participating Underwriters of the Bonds for purposes of assuring the receipt by each such Participating Underwriter of the final Official Statement.

#### ELECTRONIC EXECUTED DOCUMENTS

The Purchaser consents to the receipt of electronic transcripts and acknowledges the City’s intended use of electronically executed documents. Iowa Code chapter 554D establishes electronic signatures have the full weight and legal authority as manual signatures.

#### CONTINUING DISCLOSURE

The City will covenant in a Continuing Disclosure Certificate for the benefit of the owners and beneficial owners of the Bonds to provide annually certain financial information and operating data relating to the City (the “Annual Report”), and to provide notices of the occurrence of certain enumerated events. The Annual Report is to be filed by the City not later than two hundred seventy (270) days after the close of each fiscal year, commencing with the Fiscal Year ending June 30, 2022, with the Municipal Securities Rulemaking Board, at its internet repository named “Electronic Municipal Market Access” (“EMMA”). The notices of events, if any, are also to be filed with EMMA. See FORM OF CONTINUING DISCLOSURE CERTIFICATE included in APPENDIX D to this Preliminary Official Statement. The specific nature of the information to be contained in the Annual Report or the notices of events, and the manner in which such materials are to be filed, are summarized in the FORM OF CONTINUING DISCLOSURE CERTIFICATE. These covenants have been made in order to assist the Purchaser in complying with section (b)(5) of the Rule.

The City is not aware of any instance in the previous five years in which it has failed to comply, in all material respects, with previous undertakings in a written contract or agreement specified in paragraph (b)(5)(i) of the Rule.

Breach of the undertakings described above will not constitute a default or an “Event of Default” under the Bonds or the Resolution. A broker or dealer is to consider a known breach of the undertakings, however, before recommending the purchase or sale of the Bonds in the secondary market. Thus, a failure on the part of the City to observe the undertakings may adversely affect the transferability and liquidity of the Bonds and their market price.

## CUSIP NUMBERS

It is anticipated the Committee on Uniform Security Identification Procedures (“CUSIP”) numbers will be printed on the Bonds and the Purchaser must agree in the bid proposal to pay the cost thereof. In no event will the City, Bond Counsel or Municipal Advisor be responsible for the review or express any opinion that the CUSIP numbers are correct. Incorrect CUSIP numbers on said Bonds shall not be cause for the Purchaser to refuse to accept delivery of said Bonds.

**INTEREST ON THE BONDS**

Interest on the Bonds will be payable on June 1, 2023 and semiannually on the 1st day of December and June thereafter. Interest and principal shall be paid to the registered holder of a Bond as shown on the records of ownership maintained by the Registrar as of the close of business on the 15th day of the month preceding the interest payment date (the “Record Date”). Interest will be computed on the basis of a 360-day year of twelve 30- day months and will be rounded pursuant to rules of the Municipal Securities Rulemaking Board.

**OPTIONAL REDEMPTION OF THE BONDS**

The Bonds due after June 1, 2030 will be subject to call prior to maturity in whole, or from time to time in part, in any order of maturity and within a maturity by lot on said date or on any date thereafter at the option of the City, upon terms of par plus accrued interest to date of call. Written notice of such call shall be given at least thirty (30) days prior to the date fixed for redemption to the registered owners of the Bonds to be redeemed at the address shown on the registration books.

**PAYMENT OF AND SECURITY FOR THE BONDS**

The Bonds are general obligations of the City and the unlimited taxing powers of the City are irrevocably pledged for their payment. Upon issuance of the Bonds, the City will levy taxes for the years and in amounts sufficient to provide 100% of annual principal and interest due on the Bonds. If, however, the amount credited to the debt service fund for payment of the Bonds is insufficient to pay principal and interest, whether from transfers or from original levies, the City must use funds in its treasury and is required to levy ad valorem taxes upon all taxable property in the City without limit as to rate or amount sufficient to pay the debt service deficiency.

Iowa Code section 76.2 provides that when an Iowa political subdivision issues general obligation debt, “the governing authority of these political subdivisions before issuing bonds shall, by resolution, provide for the assessment of an annual levy upon all the taxable property in the political subdivision sufficient to pay the interest and principal of the bonds within a period named not exceeding twenty years. A certified copy of this resolution shall be filed with the county auditor or the auditors of the counties in which the political subdivision is located; and the filing shall make it a duty of the auditors to enter annually this levy for collection from the taxable property within the boundaries of the political subdivision until funds are realized to pay the bonds in full.”

Nothing in the Resolution for the Bonds prohibits or limits the ability of the City to use legally available moneys other than the proceeds of the general ad valorem property taxes levied, as described in the preceding paragraph, to pay all or any portion of the principal of or interest on the Bonds. If and to the extent such other legally available moneys are used to pay the principal of or interest on the Bonds, the City may, but shall not be required to, (a) reduce the amount of taxes levied for such purpose, as described in the preceding paragraph; or (b) use proceeds of taxes levied, as described in the preceding paragraph, to reimburse the fund or account from which such other legally available moneys are withdrawn for the amount withdrawn from such fund or account to pay the principal of or interest on the Bonds.

The Resolution for the Bonds do not restrict the City’s ability to issue or incur additional general obligation debt, although issuance of additional general obligation debt is subject to the same constitutional and statutory limitations that apply to the issuance of the Bonds. For a further description of the City’s outstanding general obligation debt upon issuance of the Bonds and the annual debt service on the Bonds, see “DIRECT DEBT” under “CITY INDEBTEDNESS” included in “APPENDIX A” to this Preliminary Official Statement. For a description of certain constitutional and statutory limits on the issuance of general obligation debt, see “DEBT LIMIT” under “CITY INDEBTEDNESS” included in “APPENDIX A” to this Preliminary Official Statement.

#### **BOOK-ENTRY-ONLY ISSUANCE**

*The information contained in the following paragraphs of this subsection “Book-Entry-Only Issuance” has been extracted from a schedule prepared by Depository Trust Company (“DTC”) entitled “SAMPLE OFFERING DOCUMENT LANGUAGE DESCRIBING BOOK-ENTRY-ONLY ISSUANCE.” The information in this section concerning DTC and DTC’s book-entry system has been obtained from sources that the City believes to be reliable, but the City takes no responsibility for the accuracy thereof.*

The Depository Trust Company (“DTC”), New York, NY, will act as securities depository for the securities (the “Securities”). The Securities will be issued as fully-registered securities registered in the name of Cede & Co. (DTC’s partnership nominee) or such other name as may be requested by an authorized representative of DTC. One fully-registered Security certificate will be issued for each issue of the Securities, each in the aggregate principal amount of such issue, and will be deposited with DTC. If, however, the aggregate principal amount of any issue exceeds \$500 million, one certificate will be issued with respect to each \$500 million of principal amount, and an additional certificate will be issued with respect to any remaining principal amount of such issue.

DTC, the world’s largest securities depository, is a limited-purpose trust company organized under the New York Banking Law, a “banking organization” within the meaning of the New York Banking Law, a member of the Federal Reserve System, a “clearing corporation” within the meaning of the New York Uniform Commercial Code, and a “clearing agency” registered pursuant to the provisions of Section 17A of the Securities Exchange Act of 1934. DTC holds and provides asset servicing for over 3.5 million issues of U.S. and non-U.S. equity issues, corporate and municipal debt issues, and money market instruments from over 100 countries that DTC’s participants (the “Direct Participants”) deposit with DTC. DTC also facilitates the post-trade settlement among Direct Participants of sales and other securities transactions in deposited securities, through electronic computerized book-entry transfers and pledges between Direct Participants’ accounts. This eliminates the need for physical movement of securities certificates. Direct Participants include both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, clearing corporations, and certain other organizations. DTC is a wholly-owned subsidiary of The Depository Trust & Clearing Corporation (“DTCC”). DTCC is the holding company for DTC, National Securities Clearing Corporation and Fixed Income Clearing Corporation, all of which are registered clearing agencies. DTCC is owned by the users of its regulated subsidiaries. Access to the DTC system is also available to others such as both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, and clearing corporations that clear through or maintain a custodial relationship with a Direct

Participant, either directly or indirectly (the “Indirect Participants”). DTC has Standard & Poor’s rating: AA+. The DTC Rules applicable to its Participants are on file with the Securities and Exchange Commission. More information about DTC can be found at [www.dtcc.com](http://www.dtcc.com).

Purchases of Securities under the DTC system must be made by or through Direct Participants, which will receive a credit for the Securities on DTC’s records. The ownership interest of each actual purchaser of each Security (the “Beneficial Owner”) is in turn to be recorded on the Direct and Indirect Participants’ records. Beneficial Owners will not receive written confirmation from DTC of their purchase. Beneficial Owners are, however, expected to receive written confirmations providing details of the transaction, as well as periodic statements of their holdings, from the Direct or Indirect Participant through which the Beneficial Owner entered into the transaction. Transfers of ownership interests in the Securities are to be accomplished by entries made on the books of Direct and Indirect Participants acting on behalf of Beneficial Owners. Beneficial Owners will not receive certificates representing their ownership interests in Securities, except in the event that use of the book-entry system for the Securities is discontinued.

To facilitate subsequent transfers, all Securities deposited by Direct Participants with DTC are registered in the name of DTC’s partnership nominee, Cede & Co., or such other name as may be requested by an authorized representative of DTC. The deposit of Securities with DTC and their registration in the name of Cede & Co. or such other DTC nominee do not affect any change in beneficial ownership. DTC has no knowledge of the actual Beneficial Owners of the Securities; DTC’s records reflect only the identity of the Direct Participants to whose accounts such Securities are credited, which may or may not be the Beneficial Owners. The Direct and Indirect Participants will remain responsible for keeping account of their holdings on behalf of their customers.

Conveyance of notices and other communications by DTC to Direct Participants, by Direct Participants to Indirect Participants, and by Direct Participants and Indirect Participants to Beneficial Owners will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time. Beneficial Owners of Securities may wish to take certain steps to augment the transmission to them of notices of significant events with respect to the Securities, such as redemptions, tenders, defaults, and proposed amendments to the Security documents. For example, Beneficial Owners of Securities may wish to ascertain that the nominee holding the Securities for their benefit has agreed to obtain and transmit notices to Beneficial Owners. In the alternative, Beneficial Owners may wish to provide their names and addresses to the registrar and request that copies of notices be provided directly to them.

Redemption notices shall be sent to DTC. If less than all of the Securities within an issue are being redeemed, DTC’s practice is to determine by lot the amount of the interest of each Direct Participant in such issue to be redeemed.

Neither DTC nor Cede & Co., nor any other DTC nominee, will consent or vote with respect to Securities unless authorized by a Direct Participant in accordance with DTC’s MMI Procedures. Under its usual procedures, DTC mails an Omnibus Proxy to the City as soon as possible after the record date. The Omnibus Proxy assigns Cede & Co.’s consenting or voting rights to those Direct Participants to whose accounts Securities are credited on the record date identified in a listing attached to the Omnibus Proxy.

Redemption proceeds, distributions, and dividend payments on the Securities will be made to Cede & Co., or such other nominee as may be requested by an authorized representative of DTC. DTC’s practice is to credit Direct Participants’ accounts upon DTC’s receipt of funds and corresponding detail information from the City or Agent, on payable date in accordance with their respective holdings shown on DTC’s records. Payments by Participants to Beneficial Owners will be governed by standing instructions and customary practices, as is the case with securities held for the accounts of customers in bearer form or registered in “street name,” and will be the responsibility of such Participant and not of DTC, Agent, or the City, subject to any statutory or regulatory requirements as may be in effect from time to time. Payment of redemption proceeds, distributions, and dividend payments to Cede & Co., or such other nominee as may be requested by an authorized representative of DTC, is the responsibility of the City or Agent, disbursement of such payments to Direct Participants will be the responsibility of DTC, and disbursement of such payments to the Beneficial Owners will be the responsibility of Direct and Indirect Participants.

A Beneficial Owner shall give notice to elect to have its Securities purchased or tendered, through its Participant, to Remarketing Agent, and shall effect delivery of such Securities by causing the Direct Participant to transfer the

Participant's interest in the Securities, on DTC's records, to Remarketing Agent. The requirement for physical delivery of Securities in connection with an optional tender or a mandatory purchase will be deemed satisfied when the ownership rights in the Securities are transferred by Direct Participants on DTC's records and followed by a book-entry credit of tendered Securities to Remarketing Agent's DTC account.

DTC may discontinue providing its services as depository with respect to the Securities at any time by giving reasonable notice to the City or Agent. Under such circumstances, in the event that a successor depository is not obtained, Security certificates are required to be printed and delivered.

The City may decide to discontinue use of the system of book-entry-only transfers through DTC (or a successor securities depository). In that event, Security certificates will be printed and delivered to DTC.

The information in this section concerning DTC and DTC's book-entry system has been obtained from sources that the City believes to be reliable, but the City takes no responsibility for the accuracy thereof.

## **FUTURE FINANCING**

No additional General Obligation Bonds are anticipated within the next 90 days of issuing the Bonds. The City will be issuing approximately \$19,160,000 Stormwater Management Utility Revenue Bonds, Series 2022B simultaneously with the Bonds.

## **LITIGATION**

To the knowledge of the City, there is no legal action, suit, proceeding, inquiry or investigation at law or in equity before or by any court, public board or body for which the City has been served with process or official notice or threatened against or affecting the City or any reasonable basis therefore, wherein an unfavorable decision, ruling or finding would adversely affect the transaction contemplated by this Preliminary Official Statement or the validity of the Bonds, the Resolution, or any agreement or instrument to which the City is a party and which is used or contemplated for use in the transactions contemplated by this Preliminary Official Statement, and no member, employee or agent of the City has been served with any legal process regarding such litigation or other proceeding.

To the knowledge of the City, no litigation is pending or threatened which, in the opinion of the City's counsel, if decided adversely to the City would be likely to result, either individually or in the aggregate, in final judgments against the City which would materially adversely affect its ability to meet debt service payments on the Bonds when due, or its obligations under the Resolution or materially adversely affect its financial condition.

## **DEBT PAYMENT HISTORY**

The City knows of no instance in which it has defaulted in the payment of principal or interest on its debt.

## **LEGALITY**

The Bonds are subject to approval as to certain matters by Ahlers & Cooney, P.C. of Des Moines, Iowa as Bond Counsel. Bond Counsel has not participated in the preparation of this Preliminary Official Statement other than to review or prepare information describing the terms of the Bonds and Iowa and Federal law pertinent to the validity of and the tax status of interest on the Bonds, which can be found generally under the sections "AUTHORITY AND PURPOSE", "OPTIONAL REDEMPTION OF THE BONDS", "PAYMENT AND SECURITY FOR THE BONDS" and "TAX MATTERS", herein. Additionally, Bond Counsel has provided its form of Legal Opinion and form of Continuing Disclosure Certificate, included in APPENDIX B and APPENDIX D, respectively, to this Preliminary Official Statement. Bond Counsel is not expressing any opinion as to the completeness or accuracy of the information contained in the Preliminary Official Statement. The FORM OF LEGAL OPINION as set out in APPENDIX B to this Preliminary Official Statement, will be delivered at closing.

The legal opinion, to be delivered concurrently with the delivery of the Bonds, expresses the professional judgment of the attorneys rendering the opinion as to legal issues expressly addressed therein. By rendering a legal opinion, the opinion giver does not become an insurer or guarantor of the result indicated by that expression of professional judgment,

or of the transaction on which the opinion is rendered, or of the future performance of parties to the transaction. Nor does the rendering of an opinion guarantee the outcome of any legal dispute that may arise out of the transaction.

There is no bond trustee or similar person to monitor or enforce the provisions of the Resolution. The owners of the Bonds should, therefore, be prepared to enforce such provisions themselves if the need to do so arises. In the event of a default in the payment of principal of or interest on the Bonds, there is no provision for acceleration of maturity of the principal of the Bonds. Consequently, the remedies of the owners of the Bonds (consisting primarily of an action in the nature of mandamus requiring the City and certain other public officials to perform the terms of the Resolution) may have to be enforced from year to year. The owners of the Bonds cannot foreclose on property within the boundaries of the City or sell such property in order to pay the debt service on the Bonds.

In addition, the enforceability of the rights and remedies of owners of the Bonds may be subject to limitations as set forth in Bond Counsel's opinion. The opinion will state, in part, that the obligation of the City with respect to the Bonds, may be subject to bankruptcy, insolvency, reorganization, moratorium and other similar laws affecting creditors' rights, heretofore or hereafter, enacted to the extent constitutionally applicable, to the exercise of judicial discretion in appropriate cases.

## **TAX MATTERS**

Tax Exemptions and Related Considerations: Federal tax law contains a number of requirements and restrictions that apply to the Bonds. These include investment restrictions, periodic payments of arbitrage profits to the United States, requirements regarding the proper use of bond proceeds and facilities financed with bond proceeds, and certain other matters. The City has covenanted to comply with all requirements that must be satisfied in order for the interest on the Bonds to be excludable from gross income for federal income tax purposes. Failure to comply with certain of such covenants could cause interest on the Bonds to become includable in gross income for federal income tax purposes retroactively to the date of issuance of the Bonds.

Subject to the City's compliance with the above referenced covenants, under present law, in the opinion of Bond Counsel, interest on the Bonds is excludable from gross income for federal income tax purposes. Interest on the Bonds is not an item of tax preference for purposes of the federal alternative minimum tax.

The prospective purchaser of the Bonds should be aware that ownership of the Bonds may result in collateral federal income tax consequences to certain taxpayers, including, without limitation, corporations subject to the branch profits tax, financial institutions, certain insurance companies, certain S corporations, individual recipients of Social Security or Railroad Retirement benefits and taxpayers who may be deemed to have incurred (or continued) indebtedness to purchase or carry tax-exempt obligations. Bond Counsel will not express any opinion as to such collateral tax consequences. The prospective purchaser of the Bonds should consult their tax advisors as to collateral federal income tax consequences.

Ownership of the Bonds may result in other state and local tax consequences to certain taxpayers. Bond Counsel expresses no opinion regarding any such collateral consequences arising with respect to the Bonds. Prospective purchasers of the Bonds should consult their tax advisors regarding the applicability of any such state and local taxes.

NOT-Qualified Tax-Exempt Obligations: The City will NOT designate the Bonds as "qualified tax-exempt obligations" under the exception provided in Section 265(b)(3) of the Internal Revenue Code of 1986, as amended (the "Code").

Discount and Premium Bonds: The initial public offering price of certain Bonds (the "Discount Bonds") may be less than the amount payable on such Discount Bonds at maturity. An amount equal to the difference between the initial public offering price of Discount Bonds (assuming that a substantial amount of the Discount Bonds of that maturity are sold to the public at such price) and the amount payable at maturity constitutes original issue discount to the initial purchaser of such Discount Bonds. Purchasers of Discount Bonds should consult with their own tax advisors with respect to the determination of accrued original issue discount on Discount Bonds for federal income tax purposes and with respect to the state and local tax consequences of owning and disposing of Discount Bonds. It is possible that, under applicable provisions governing determination of state and local income taxes, accrued interest on Discount Bonds may be deemed to be received in the year of accrual even though there will not be a corresponding cash payment.

The initial public offering price of certain Bonds (the “Premium Bonds”) may be greater than the amount of such Premium Bonds at maturity. An amount equal to the difference between the initial public offering price of Premium Bonds (assuming that a substantial amount of the Premium Bonds of that maturity are sold to the public at such price) and the amount payable at maturity constitutes a premium to the initial purchaser of such Premium Bonds. Purchasers of the Premium Bonds should consult with their own tax advisors with respect to the determination of amortizable Bond premium on Premium Bonds for federal income tax purposes and with respect to the state and local tax consequences of owning and disposing of Premium Bonds.

Other Tax Advice: In addition to the income tax consequences described above, potential investors should consider the additional tax consequences of the acquisition, ownership, and disposition of the Bonds. For instance, state income tax law may differ substantially from state to state, and the foregoing is not intended to describe any aspect of the income tax laws of any state. Therefore, potential investors should consult their own tax advisors with respect to federal tax issues and with respect to the various state tax consequences of an investment in Bonds.

Audits: The Internal Revenue Service (the “Service”) has an ongoing program of auditing tax-exempt obligations to determine whether, in the view of the Service, interest on such tax-exempt obligations is includable in the gross income of the owners thereof for federal income tax purposes. It cannot be predicted whether or not the Service will commence an audit of the Bonds. If an audit is commenced, under current procedures the Service may treat the City as a taxpayer and the bondholders may have no right to participate in such procedure. The commencement of an audit could adversely affect the market value and liquidity of the Bonds until the audit is concluded, regardless of the ultimate outcome.

Withholdings: Payments of interest on, and proceeds of the sale, redemption or maturity of tax-exempt obligations, including the Bonds, are in certain cases required to be reported to the Service. Additionally, backup withholding may apply to any such payments to any bond owner who fails to provide an accurate Form W-9 Request for Taxpayer Identification Number and Certification, or a substantially identical form, or to any bond owner who is notified by the Service of a failure to report any interest or dividends required to be shown on federal income tax returns. The reporting and backup withholding requirements do not affect the excludability of such interest from gross income for federal tax purposes.

Legislation: Legislation affecting tax-exempt obligations is regularly considered by the United States Congress and may be considered by the Iowa legislature. Court proceedings may also be filed, the outcome of which could modify the tax treatment. There can be no assurance that legislation enacted or proposed, or actions by a court, after the date of issuance of the Bonds will not have an adverse effect on the tax status of interest or other income on the Bonds or the market value or marketability of the Bonds. These adverse effects could result, for example, from changes to federal or state income tax rates, changes in the structure of federal or state income taxes (including replacement with another type of tax), or repeal (or reduction in the benefit) of the exclusion of interest on the Bonds from gross income for federal or state income tax purposes for all or certain taxpayers.

Current and future legislative proposals, including some that carry retroactive effective dates, if enacted into law, or clarification of the Code may cause interest on the Bonds to be subject, directly or indirectly, to federal income taxation, or otherwise prevent owners of the Bonds from realizing the full current benefit of the tax status of such interest. Recent proposals have been made that could significantly reduce the benefit of, or otherwise affect, the exclusion from gross income of interest on obligations like the Bonds. The introduction or enactment of any such legislative proposals or clarification of the Code may also affect, perhaps significantly, the market price for, or marketability of, the Bonds. The prospective purchaser of the Bonds should consult their own tax advisors regarding any pending or proposed tax legislation, as to which Bond Counsel expresses no opinion except as expressly set forth in APPENDIX B to this Preliminary Official Statement.

The opinions expressed by Bond Counsel are based upon existing legislation and regulations as interpreted by relevant judicial and regulatory authorities as of the date of issuance and delivery of the Bonds, and Bond Counsel has expressed no opinions as of any date subsequent thereto or with respect to any proposed or pending legislation, regulatory initiatives or litigation.

Enforcement: Holders of the Bonds shall have and possess all the rights of action and remedies afforded by the common law, the Constitution and statutes of the State of Iowa and of the United States of America for the enforcement of payment of the Bonds, including, but not limited to, the right to a proceeding in law or in equity by suit, action or mandamus to

enforce and compel performance of the duties required by Iowa law and the Resolution for the Bonds. There is no Bond trustee or similar person to monitor or enforce the terms of the Resolution for the Bonds. In the event of a default in the payment of principal or interest on the Bonds, there is no provision for acceleration of maturity of the principal of the Bonds. Consequently, the remedies of the owners of the Bonds (consisting primarily of an action in the nature of mandamus requiring the City and certain other public officials to perform the terms of the Resolution for the Bonds) may have to be enforced from year to year. The enforceability of the rights and remedies of owners of the Bonds may be subject to limitations as set forth in Bond Counsel's opinion.

The obligation to pay general ad valorem property taxes is secured by a statutory lien upon the taxed property but is not an obligation for which a property owner may be held personally liable in the event of a deficiency. The owners of the Bonds cannot foreclose on property within the boundaries of the City or sell such property in order to pay the debt service on the Bonds. In addition, the enforceability of the rights and remedies of owners of the Bonds may be subject to limitation as set forth in Bond Counsel's opinion. The opinion to be delivered concurrently with the delivery of the Bonds will be qualified as to the enforceability of the various legal instruments by limitations imposed by general principles of equity and public policy and by bankruptcy, reorganization, insolvency or other similar laws affecting the rights of creditors generally, and to the exercise of judicial discretion in appropriate cases.

No representation is made, and no assurance is given, that the enforcement of any remedies with respect to such assets will result in sufficient funds to pay all amounts due under the Resolution, including principal of and interest on the Bonds.

Opinion: The opinions expressed by Bond Counsel are based upon existing legislation and regulations as interpreted by relevant judicial and regulatory authorities as of the date of issuance and delivery of the Bonds, and Bond Counsel has expressed no opinion as of any date subsequent thereto or with respect to any proposed or pending legislation, regulatory initiatives or litigation.

Bond Counsel's opinion is not a guarantee of a result, or of the transaction on which the opinion is rendered, or of the future performance of parties to the transaction, but represents its legal judgment based upon its review of existing statutes, regulations, published rulings and court decisions and the representations and covenants of the City described in this section. No ruling has been sought from the Service with respect to the matters addressed in the opinion of Bond Counsel and Bond Counsel's opinion is not binding on the Service. Bond Counsel assumes no obligation to update its opinions after the issue date to reflect any further action, fact or circumstance, or change in law or interpretation, or otherwise.

*ALL POTENTIAL PURCHASERS OF THE BONDS SHOULD CONSULT WITH THEIR TAX ADVISORS WITH RESPECT TO FEDERAL, STATE AND LOCAL TAX CONSEQUENCES OF OWNERSHIP OF THE BONDS (INCLUDING BUT NOT LIMITED TO THOSE LISTED ABOVE).*

## **BONDHOLDER'S RISKS**

An investment in the Bonds is subject to certain risks. No person should purchase the Bonds unless such person understands the risks described below and is willing to bear those risks. There may be other risks not listed below which may adversely affect the value of the Bonds. In order to identify risk factors and make an informed investment decision, potential investors should be thoroughly familiar with this entire Preliminary Official Statement (including the Appendices hereto) in order to make a judgment as to whether the Bonds are an appropriate investment.

Secondary Market Not Established: There is no established secondary market for the Bonds, and there is no assurance a secondary market will develop for the purchase and sale of the Bonds. Prices of municipal Bonds traded in the secondary market, if any, are subject to adjustment upward and downward in response to changes in the credit markets and changes in the operating performance of the entities operating the facilities subject to bonded indebtedness. From time to time it may be necessary to suspend indefinitely secondary market trading in selected issues of municipal Bonds as a result of the financial condition or market position, prevailing market conditions, lack of adequate current financial information about the entity, operating the subject facilities, or a material adverse change in the operations of that entity, whether or not the subject Bonds are in default as to principal and interest payments, and other factors which, may give rise to uncertainty concerning prudent secondary market practices.

Municipal Bonds are generally viewed as long-term investments, subject to material unforeseen changes in the investor's circumstances, and may require commitment of the investor's funds for an indefinite period of time, perhaps until maturity.

*EACH PROSPECTIVE PURCHASER IS RESPONSIBLE FOR ASSESSING THE MERITS AND RISKS OF AN INVESTMENT AND MUST BE ABLE TO BEAR THE ECONOMIC RISK OF SUCH INVESTMENT. THE SECONDARY MARKET FOR THE BONDS, IF ANY, COULD BE LIMITED.*

Ratings Loss: S&P Global Ratings ("S&P") has assigned a rating of '\_\_\_' to the Bonds. Generally, a rating agency bases its rating on the information and materials furnished to it and on investigations, studies and assumptions of its own. There is no assurance that the rating will continue for any given period of time, or that such rating will not be revised, suspended or withdrawn, if, in the judgment of S&P, circumstances so warrant. A revision, suspension or withdrawal of a rating may have an adverse effect on the market price of the Bonds.

Rating agencies are currently not regulated by any regulatory body. Future regulation of rating agencies could materially alter the methodology, rating levels, and types of ratings available, for example, and these changes, if ever, could materially affect the market value of the Bonds.

Matters Relating to Enforceability: Holders of the Bonds shall have and possess all the rights of action and remedies afforded by the common law, the Constitution and statutes of the State of Iowa and of the United States of America for the enforcement of payment of the Bonds, including but not limited to, the right to a proceeding in the law or in equity by suit, action or mandamus to enforce and compel performance of the duties required by Iowa law and the Resolution.

The practical realization of any rights upon any default will depend upon the exercise of various remedies specified in the Resolution for the Bonds. The opinion, to be delivered concurrently with the delivery of the Bonds, will be qualified as to the enforceability of the various legal instruments by limitations imposed by general principals of equity and public policy and by bankruptcy, reorganization, insolvency or other similar laws affecting the rights of creditors generally.

No representation is made, and no assurance is given that the enforcement of any remedies with respect to such assets will result in sufficient funds to pay all amounts due under the Resolution, including principal of and interest on the Bonds.

Forward-Looking Statements: This Preliminary Official Statement contains statements relating to future results that are "forward-looking statements" as defined in the Private Securities Litigation Reform Act of 1995. When used in this Preliminary Official Statement, the words "estimate," "forecast," "intend," "expect" and similar expressions identify forward-looking statements. Any forward-looking statement is subject to uncertainty. Accordingly, such statements are subject to risks that could cause actual results to differ, possibly materially, from those contemplated in such forward-looking statements. Inevitably, some assumptions used to develop forward-looking statements will not be realized or unanticipated events and circumstances may occur. Therefore, investors should be aware there are likely to be differences between forward-looking statements and the actual results. These differences could be material and could impact the availability of funds of the City to pay debt service when due on the Bonds.

Financial Condition of the City from Time to Time: No representation is made as to the future financial condition of the City. Certain risks discussed herein could adversely affect the financial condition and or operations of the City in future. The Bonds are secured by an unlimited ad valorem property tax as described more fully in the "PAYMENT OF AND SECURITY FOR THE BONDS".

Global Health Emergency Risk: The World Health Organization has declared a pandemic following the outbreak of COVID-19, a respiratory disease caused by a new strain of coronavirus and on March 13, 2020, the President of the United States declared a national emergency. Federal, State, and local officials may continue to take to steps curb the spread of the virus, including providing both discretionary and mandatory guidelines and orders regarding public gatherings, and imposing mandatory closings and/or operating limitations of some businesses. It is possible that the spread of the virus could reduce sales tax collections, delay the receipt of property tax payments and negatively impact other collections dependent on local business activity. Currently, the City does not anticipate a material effect on its budget. The Bonds are secured by an unlimited ad valorem property tax as described more fully in the "PAYMENT OF AND SECURITY OF THE BONDS" herein.

Loss of Tax Base: Economic and other factors beyond the City’s control, such as economic recession, deflation of property values, or financial difficulty or bankruptcy by one or more major property taxpayers, or the complete or partial destruction of taxable property caused by, among other eventualities, earthquake, flood, fire or other natural disaster, could cause a reduction in the assessed value within the corporate boundaries of the City. In addition, the State of Iowa has been susceptible to tornados, flooding and other extreme weather wherein winds and flooding have from time to time caused significant damage, which if such events were to occur, may have an adverse impact on the City’s financial position.

Tax Matters and Loss of Tax Exemption: As discussed under the heading “TAX MATTERS” herein, the interest on the Bonds could become includable in gross income for purposes of federal income taxation retroactive to the date of delivery of the Bonds, as a result of acts or omissions of the City in violation of its covenants in the Resolution for the Bonds. Should such an event of taxability occur, the Bonds would not be subject to a special prepayment and would remain outstanding until maturity or until prepaid under the prepayment provisions contained in the Bonds, and there is no provision for an adjustment of the interest rates on the Bonds.

It is possible legislation will be proposed or introduced that could result in changes in the way that tax exemption is calculated, or whether interest on certain securities are exempt from taxation at all. Prospective purchasers should consult with their own tax advisors regarding any pending or proposed federal income tax legislation. The likelihood of legislation being enacted cannot be reliably predicted.

It is also possible actions of the City, after the closing of the Bonds, will alter the tax status of the Bonds, and, in the extreme, remove the tax-exempt status from the Bonds. In that instance, the Bonds are not subject to mandatory prepayment and the interest rate on the Bonds does not increase or otherwise reset. A determination of taxability on the Bonds, after closing of the Bonds, could materially adversely affect the value and marketability of the Bonds.

Federal Tax Legislation: From time to time, there are Presidential proposals, proposals of various federal committees, and legislative proposals pending in Congress that could, if enacted, alter or amend one or more of the federal (or state) tax matters described herein in certain respects or would adversely affect the market value of the Bonds or otherwise prevent holders of the Bonds from realizing the full benefit of the tax exemption of interest on the Bonds. Further, such proposals may impact the marketability or market value of the Bonds simply by being proposed. It cannot be predicted whether or in what forms any of such proposals, either pending or that may be introduced, may be enacted and there can be no assurance that such proposals will not apply to the Bonds. In addition, regulatory actions are from time to time announced or proposed and litigation threatened or commenced, which if implemented or concluded in a particular manner, could adversely affect the market value, marketability or tax status of the Bonds. It cannot be predicted whether any such regulatory action will be implemented, how any particular litigation or judicial action will be resolved, or whether the Bonds would be impacted thereby.

Changes in Property Taxation: The Bonds are general obligations of the City secured by an unlimited ad valorem property tax as described more fully in the “PAYMENT OF AND SECURITY FOR THE BONDS” herein. Prior State Public Health Emergency Declarations relative to the 2020 COVID-19 pandemic have temporarily suspended the provisions that required the imposition of penalty and interest for delay in property tax payments and directed that no such penalty or interest could be imposed for the duration of the declarations and any future extension of the suspension. No current property tax payment suspensions are imposed. It is impossible to predict whether the declarations or any amendments to or extensions thereof would have a material effect on the City’s ability to collect property taxes necessary for the payment of principal and interest on the Bonds. See “LEVIES AND TAX COLLECTIONS” herein for more information of the City’s tax collection history, despite prior suspensions.

From time to time the Iowa General Assembly has altered the method of property taxation and could do so again. Such alterations could adversely affect the City’s financial condition. Historically, changes to property tax calculations and impositions are imposed on a prospective basis. However, there is no assurance future changes to property taxation by the Iowa General Assembly will not be applied retroactively. It is impossible to predict the outcome of future property taxation changes by the Iowa General Assembly or resulting impacts on the City’s financial condition. The Bonds are secured by an unlimited ad valorem property tax as described more fully in the “PAYMENT OF AND SECURITY FOR THE BONDS” herein.

Cybersecurity: The City, like many other public and private entities, relies on a large and complex technology environment to conduct its operations. As such, it may face multiple cybersecurity threats including but not limited to, hacking, viruses, malware and other attacks on computer or other sensitive digital systems and networks. There can be no assurances that any security and operational control measures implemented by the City will be completely successful to guard against and prevent cyber threats and attacks. Failure to properly maintain functionality, control, security, and integrity of the City's information systems could impact business operations and/or digital networks and systems and the costs of remedying any such damage could be significant. Along with significant liability claims or regulatory penalties, any security breach could have a material adverse impact on the City's operations and financial condition.

The City maintains an insurance policy in the amount of \$500 million that covers its general liability, errors, employment practice liability, policy liability, auto liability and bus liability. The City maintains a separate \$3 million cyber liability policy. The City cannot predict whether any insurance policies that may be maintained by the City would be sufficient in the event of a cyber breach. See "RISK MANAGEMENT" section included in Appendix A of this Preliminary Official Statement for more details regarding insurance coverages maintained by the City.

Pensions: Pursuant to Governmental Accounting Standards Board ("GASB") Statement No. 68, the City reported a liability of \$68,062,237 within its Annual Comprehensive Financial Report ("ACFR") as of June 30, 2021 for its proportionate share of the net pension liability related to IPERS, as defined herein. The net pension liability is the amount by which the total actuarial liability exceeds the pension plan's net assets or fiduciary net position (essentially the market value) available for paying benefits. The net pension liability was measured as of June 30, 2020, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The City's proportion of the net pension liability was based on the City's share of contributions to the pension plan relative to the contributions of all IPERS participating employers. At June 30, 2020, the City's collective proportion was 0.975698% which was a decrease of 0.001396% from its proportion measured as of June 30, 2019.

Additionally, the City reported a liability of \$145,346,816 with its ACFR as of June 30, 2021 for its proportionate share of the net pension liability related to MFPRSI, as defined herein. The net pension liability was measured as of June 30, 2020, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The City's proportion of the net pension liability was based on the City's share of contributions to the pension plan relative to the contributions of all MFPRSI participating employers. At June 30, 2020, the City's collective proportion was 18.2230%, which was a decrease of 0.2142% from its proportion measured as of June 30, 2019.

See "EMPLOYEES AND PENSIONS" under the "CITY" section included in APPENDIX A to this Preliminary Official Statement for more summary information related to the City's contributions and APPENDIX C – June 30, 2021 ANNUAL COMPREHENSIVE FINANCIAL REPORT for additional information related to the City's deferred outflows and inflows of resources related to pensions, actuarial assumptions, discount rate and discount rate sensitivity. Changes to the City's pension contributions, or available sources to fund said contributions, may adversely affect the City's financial condition. The Bonds are secured by an unlimited ad valorem property tax as described more fully in the "PAYMENT OF AND SECURITY FOR THE BONDS" herein.

Continuing Disclosure: A failure by the City to comply with continuing disclosure obligations (see "CONTINUING DISCLOSURE" herein) will not constitute an event of default on the Bonds. Any such failure must be disclosed in accordance with Rule 15c2-12 promulgated by the Securities and Exchange Commission under the Securities Exchange Act of 1934, as amended (the "Rule"), and may adversely affect the transferability and liquidity of the Bonds and their market price.

Bankruptcy: The rights and remedies available to holders of the Bonds may be limited by and are subject to the provisions of federal bankruptcy laws, to other laws or equitable principles that may affect the enforcement of creditor's rights, to the exercise of judicial discretion in appropriate cases and to limitations in legal remedies against exercise of judicial discretion in appropriate cases and to limitations on legal remedies against municipal corporations in the State of Iowa. The opinion of Bond Counsel to be delivered with respect to the Bonds and the Resolution for the Bonds, including the opinion of Bond Counsel, will be similarly qualified. If the City were to file a petition under Chapter 9 of the Bankruptcy Code, the owners of the Bonds could be prohibited from taking any steps to enforce their rights under the Resolution for the Bonds. In the event the City fails to comply with its covenants under the Resolution for the Bonds or fails to make

payments on the Bonds, there can be no assurance of the availability of remedies adequate to protect the interests of the holders of the Bonds.

Under Iowa Code Chapter 76, specifically sections 76.16 and 76.16A, as amended, a city, county, or other political subdivision may become a debtor under Chapter 9 of the Federal bankruptcy code, if it is rendered insolvent, as defined in 11 U.S.C. §101(32)(c), as a result of a debt involuntarily incurred. As used therein, “debt” means an obligation to pay money, other than pursuant to a valid and binding collective bargaining agreement or previously authorized bond issue, as to which the governing body of the city, county, or other political subdivision has made a specific finding set forth in a duly adopted resolution of each of the following: (1) all or a portion of such obligation will not be paid from available insurance proceeds and must be paid from an increase in general tax levy; (2) such increase in the general tax levy will result in a severe, adverse impact on the ability of the city, county, or political subdivision to exercise the powers granted to it under applicable law, including without limitation providing necessary services and promoting economic development; (3) as a result of such obligation, the city, county, or other political subdivision is unable to pay its debts as they become due; and (4) the debt is not an obligation to pay money to a city, county, entity organized pursuant to chapter 28E of the Code of Iowa, or other political subdivision.

Suitability of Investment: The interest rate borne by the Bonds is intended to compensate the investor for assuming the risk of investing in the Bonds. Each prospective investor should carefully examine this Preliminary Official Statement and its own financial condition to make a judgment as to its ability to bear the economic risk of such an investment, and whether or not the Bonds are an appropriate investment for such investor.

Tax Levy Procedures: The Bonds are general obligations of the City, payable from and secured by a continuing ad valorem tax levied against all of the property valuation within the City. As part of the budgetary process each fiscal year, the City will have an obligation to request a debt service levy to be applied against all of the taxable property within the City. A failure on the part of the City to make a timely levy request or a levy request by the City that is inaccurate or is insufficient to make full payments of the debt service of the Bonds for a particular fiscal year may cause bondholders to experience a delay in the receipt of distributions of principal of and/or interest on the Bonds. In the event of a default in the payment of principal of or interest on the Bonds, there is no provision for acceleration of maturity of the principal of the Bonds. Consequently, the remedies of the owners of the Bonds (consisting primarily of an action in the nature of mandamus requiring the City and certain other public officials to perform the terms of the Resolution for the Bonds) may have to be enforced from year to year.

Federal Funds Orders and State Funds Legislation: Various federal executive orders, and Iowa Code Chapter 27A (collectively “ICE Enforcement Initiatives”), impose requirements intended to ensure compliance with the federal immigration detention processes. The ICE Enforcement Initiatives impose various penalties for non-compliance, including the loss of state and/or federal funding under certain circumstances. The loss of state and/or federal funds in any significant amount would negatively impact the City’s overall financial position and could affect its rating. The Bonds are secured by an unlimited ad valorem property tax and are not secured by state or federal funds. See “PAYMENT OF AND SECURITY FOR THE BONDS” herein.

DTC-Beneficial Owners: Beneficial Owners of the Bonds may experience some delay in the receipt of distributions of principal of and interest on the Bonds since such distributions will be forwarded by the Registrar to DTC and DTC will credit such distributions to the accounts of the Participants which will, thereafter, credit them to the accounts of the Beneficial Owner either directly or indirectly through Indirect Participants. Neither the City nor the Registrar will have any responsibility or obligation to assure any such notice or payment is forwarded by DTC to any Participants or by any Participant to any Beneficial Owner.

In addition, since transactions in the Bonds can be effected only through DTC Participants, Indirect Participants and certain banks, the ability of a Beneficial Owner to pledge the Bonds to persons or entities that do not participate in the DTC system, or otherwise to take actions in respect of such Bonds, may be limited due to lack of a physical certificate. Beneficial Owners will be permitted to exercise the rights of registered Owners only indirectly through DTC and the Participants. See “BOOK-ENTRY-ONLY ISSUANCE” herein.

Summary: The foregoing is intended only as a summary of certain risk factors attendant to an investment in the Bonds. In order for potential investors to identify risk factors and make an informed investment decision, potential investors should become thoroughly familiar with this entire Preliminary Official Statement and the Appendices hereto to make a judgment as to whether the Bonds are an appropriate investment.

## **RATING**

The City has a requesting a rating on the Bonds from S&P. Currently, the City’s outstanding General Obligation long-term debt is rated ‘AA+’ by S&P and ‘Aa2’ by Moody’s Investor Service. Such ratings reflect only the view of the rating agencies and any explanation of the significance of such rating may only be obtained from the respective rating agency. There is no assurance that such ratings will continue for any period of time or that they will not be revised or withdrawn. Any revision or withdrawal of the ratings may have an effect on the market price of the Bonds.

## **MUNICIPAL ADVISOR**

The City has retained PFM Financial Advisors LLC, Des Moines, Iowa as Municipal Advisor (the “Municipal Advisor”) in connection with the preparation of the issuance of the Bonds. In preparing the Preliminary Official Statement, the Municipal Advisor has relied on government officials and other sources to provide accurate information for disclosure purposes. The Municipal Advisor is not obligated to undertake, and has not undertaken, an independent verification of the accuracy, completeness, or fairness of the information contained in the Preliminary Official Statement. PFM Financial Advisors LLC is an independent advisory firm and is not engaged in the business of underwriting, trading or distributing municipal securities or other public securities.

## **CONTINUING DISCLOSURE**

The City will covenant in a Continuing Disclosure Certificate for the benefit of the owners and beneficial owners of the Bonds to provide annually certain financial information and operating data relating to the City (the “Annual Report”), and to provide notices of the occurrence of certain enumerated events. The Annual Report is to be filed by the City not later than two hundred seventy (270) days after the close of each fiscal year, commencing with the Fiscal Year ending June 30, 2022, with the Municipal Securities Rulemaking Board, at its internet repository named “Electronic Municipal Market Access” (“EMMA”). The notices of events, if any, are also to be filed with EMMA. See FORM OF CONTINUING DISCLOSURE CERTIFICATE included in APPENDIX D to this Preliminary Official Statement. The specific nature of the information to be contained in the Annual Report or the notices of events, and the manner in which such materials are to be filed, are summarized in the FORM OF CONTINUING DISCLOSURE CERTIFICATE. These covenants have been made in order to assist the Purchaser in complying with section (b)(5) of the Rule.

The City is not aware of any instance in the previous five years in which it has failed to comply, in all material respects, with previous undertakings in a written contract or agreement specified in paragraph (b)(5)(i) of the Rule.

Breach of the undertakings described above will not constitute a default or an “Event of Default” under the Bonds or the Resolution. A broker or dealer is to consider a known breach of the undertakings, however, before recommending the purchase or sale of the Bonds in the secondary market. Thus, a failure on the part of the City to observe the undertakings may adversely affect the transferability and liquidity of the Bonds and their market price.

The City’s certified public accountant has not consented to distribution of the Comprehensive Annual Financial Report and has not undertaken added review of their presentation. ## CITY PROPERTY VALUES

### IOWA PROPERTY VALUATIONS

In compliance with Section 441.21 of the Code of Iowa, the State Director of Revenue annually directs the county auditors to apply prescribed statutory percentages to the assessments of certain categories of real property. The 2021 final Actual Values were adjusted by the Polk and Warren County Auditors. The reduced values, determined after the application of rollback percentages, are the Taxable Values subject to tax levy. For assessment year 2021, the taxable value rollback rate was 54.1302% of actual value for residential property; 89.0412% of actual value for agricultural property; 63.7500% of the actual value for multiresidential property; 90% of actual value for commercial, industrial and railroad property; and 100% of the actual value of utility property.

The Legislature's intent has been to limit the growth of statewide taxable valuations for the specific classes of property to 3% annually. Political subdivisions whose taxable values are thus reduced or are unusually low in growth are allowed to appeal the valuations to the State Appeal Board, in order to continue to fund present services.

- 2) This represents the amount reported by the Iowa Department of Management. The official State of Iowa submission of taxable valuations (with rollback) on January 1, 2020 for assessment year 2019 for FY 2020-21 were reduced by \$22,282,317.
- 3) This represents the amount reported by the Iowa Department of Management. The official State of Iowa submission of TIF increment on January 1, 2020 for assessment year 2019 for FY 2020-21 was reduced by \$3,952,284.

The Taxable Valuations, with the rollback and after the reduction of military exemption, include Gas & Electric Utilities and exclude Ag. Land, Ag. Buildings and Taxable TIF Increment. Iowa cities certify operating levies against Taxable Valuation excluding the Taxable TIF Increment and debt service levies are certified against Taxable Valuation including the Taxable TIF Increment.

## LARGER TAXPAYERS

Set forth in the following table are the persons or entities which represent larger taxpayers within the boundaries of the City, as provided by the Polk and Warren County auditor's offices. No independent investigation has been made of and no representation is made herein as to the financial condition of any of the taxpayers listed below or that such taxpayers will continue to maintain their status as major taxpayers in the City. With the exception of the electric and natural gas provider noted below (which is subject to an excise tax in accordance with Iowa Code chapter 437A), the City's mill levy is uniformly applicable to all of the properties included in the table, and thus taxes expected to be received by the City from such taxpayers will be in proportion to the assessed valuations of the properties. The total tax bill for each of the properties is dependent upon the mill levies of the other taxing entities which overlap the properties.

<u>Taxpayer</u> <sup>1)</sup>	<u>Type of Property/Business</u>	<u>1/1/2021 Taxable Valuation</u>

- 2) Principal Mutual Life Insurance Co. changed its name to Principal Life Insurance Co. in 1998 when the company converted from a mutual to publicly held company and, therefore, are being listed as one entity. The Polk County Auditor has them listed as separate entities.

## PROPERTY TAX LEGISLATION

From time to time, legislative proposals are pending in Congress and the Iowa General Assembly that would, if enacted, alter or amend one or more of the property tax matters described herein. It cannot be predicted whether or in what forms any of such proposals, either pending or that may be introduced, may be enacted, and there can be no assurance that such proposals will not apply to valuation, assessment or levy procedures for taxes levied by the City or have an adverse impact on standing appropriations or the future tax collections of the City. Purchasers of the Bonds should consult their tax advisors regarding any pending or proposed federal or state tax legislation. The opinions expressed by Bond Counsel are based upon existing legislation as of the date of issuance and delivery of the Bonds and Bond Counsel has expressed no opinion as of any date subsequent thereto or with respect to any pending federal or state tax legislation.

During the 2019 legislative session, the Iowa General Assembly enacted Senate File 634 (the “2019 Act”). The 2019 Act modifies the process for hearing and approval of the total maximum property tax dollars under certain levies in the City's budget. The 2019 Act also includes a provision that will require the affirmative vote of 2/3 of the City Council when the maximum property tax dollars under these levies exceed an amount determined under a prescribed formula. The 2019 Act does not change the process for hearing and approval of the Debt Service Levy pledged for repayment of the general obligation debt.

During the 2013 legislative session, the Iowa General Assembly enacted Senate File 295 (the “2013 Act”). Among other things, the 2013 Act (i) reduced the maximum annual taxable value growth percent, due to revaluation of existing residential and agricultural property to 3%, (ii) assigned a “rollback” (the percentage of a property's value that is subject to tax) to commercial, industrial and railroad property of 90%, (iii) created a new property tax classification for multi-residential properties (apartments, nursing homes, assisted living facilities and certain other rental property) and assigned a declining rollback percentage to such properties for each year until the residential rollback percentage is reached in the 2022 assessment year, after which the rollback percentage for such properties will be equal to the residential rollback percentage each assessment year, and (iv) exempted a specified portion of the assessed value of telecommunication properties.

During the 2021 legislative session, House File 418 (“2021 Act”) was signed into law on March 8, 2021, applicable to valuations beginning January 1, 2022. The 2021 Act removes the multi-residential property classification by reclassifying certain properties as a subdivision of “residential” property. The multi-residential classification was created as part of the January 1, 2015 valuations and became unnecessary due to the equalization of the residential and multi-residential classifications as of January 1, 2022.

The 2013 Act included a standing appropriation to replace some of the tax revenues lost by local governments, including tax increment districts, resulting from the new rollback for commercial and industrial property. During the 2021 legislative session, Senate File 619 (“SF 619”) was signed into law on June 17, 2021, which phases out the standing appropriation payments over time to the City starting in Fiscal Year 2022-23 through Fiscal Year 2028-29. In Fiscal Year 2021-22, the City will collect \$5,335,649. In Fiscal Year 2022-23, the City estimates it will collect \$4,668,693. The appropriation does not replace losses to local governments resulting from the 2013 Act's provisions that reduce the annual revaluation growth limit for residential and agricultural properties to 3%, the gradual transition for multi-residential properties from the residential rollback percentage, or the reduction in the percentage of telecommunications property that is subject to taxation.

HF 2552, signed into law on May 2, 2022, alters the existing Business Property Tax Credit (“BPTC”) by changing the credit to an exemption and altering how local governments are reimbursed by the State for the property tax reductions associated with the exemption. A standing General Fund appropriation of up to \$125 million is anticipated to be used to reimburse local governments for the tax reductions associated with the exemption replacing the BPTC. Through Fiscal Year 2028-29, reimbursement claims by local governments are expected to be less than \$125 million. The standing appropriation is projected to be insufficient to cover the cost of the program starting with Fiscal Year 2029-30, resulting in prorated reimbursement claims to local governments. Local government revenues may be negatively affected if the state does not increase or maintain the appropriation.

Notwithstanding any modifications to property tax revenues that may result from the 2013 Act, the 2019 Act, 2021 Act, SF 619 or HF 2552, the Bonds are secured by an unlimited ad valorem property tax. See “PAYMENT OF AND SECURITY FOR THE BONDS” herein.

## CITY INDEBTEDNESS

### DEBT LIMIT

Article XI, Section 3 of the State of Iowa Constitution limits the amount of debt outstanding at any time of any county, municipality or other political subdivision to no more than 5% of the actual value of all taxable property within the corporate limits, as taken from the last state and county tax list. The debt limit for the City, based on its 2021 actual valuation currently applicable to the Fiscal Year 2022-23, is as follows:

2021 Actual Valuation of Property	\$15,853,953,088	<sup>1)</sup>
Legal Debt Limit of 5%	<u>0.05</u>	
Legal Debt Limit	\$792,697,654

Less: Lease Debt Paid by Taxes	(222,901)	<sup>2)</sup>
Less: Section 108 Loan	(71,744)	<sup>3)</sup>
Less: TIF Rebate Agreements	<u>(20,858,246)</u>	<sup>4)</sup>
Legal Debt Margin	\$190,315,363	*

- 1) Source: Iowa Department of Management and excludes any revisions from Polk County Auditor's Office.
- 2) Represents the principal outstanding on lease obligations payable from the debt service levy.
- 3) Excludes the August 1, 2022 principal and interest payment. The City appropriated debt service payment totaling \$1,006,337 for FY 2022-23. The City revised its Section 108 Loan on March 28, 2019 and the principal amount outstanding as of the date of this Preliminary Official Statement is \$5,196,000.
- 4) As reported by the City pursuant to development agreements for urban renewal projects under the authority of Iowa Code Chapter 403. The Iowa Supreme Court has not formally ruled on the question of whether contracts to rebate the tax increment generated by a particular development constitutes indebtedness of a City for constitutional debt limit purposes. The amount reported above includes rebate agreements that may not be debt and represents TIF rebate obligations payable in FY 2022-23 less amounts already paid as of the date of this Preliminary Official Statement. Payment of portions of such amount (or future installments) may be dependent upon undertakings by the developers, some of which may not yet have occurred. The effect of any delayed development may be a deferral of the City's obligation to make payments under the development agreements. The City actively pursues opportunities consistent with the development goals of its various urban renewal plans, which may be amended from time to time, and the City may enter into additional development agreements committing to additional rebate incentive in calendar year 2022 or thereafter. See "Tax Increment Rebate Agreements" sub-table under "OTHER DEBT" herein for more information on City obligations under the development agreements.

## Des Moines Metropolitan Wastewater Reclamation Authority Existing Payment Obligations

The City is a member of the Des Moines Metropolitan Wastewater Reclamation Authority (“WRA”) and has entered into a financing agreement with the WRA to provide for the City’s share of capital contribution for the construction and ongoing expansion of a metropolitan waste-water system. The City is responsible for a portion of the WRA sewer revenue debt payable from the revenues of their sewer system. Its responsibilities pursuant to the WRA Financing Agreement stand as nearly as practicable on parity and equality of rank with the City’s direct sewer revenue bonds and parity obligations.

The amounts below represent the City’s share of the debt service payments of the various issues. Other participating communities of the WRA pay the remaining amount. Flow-based allocations are subject to change on an annual basis as such the amount outstanding may be greater than the amount issued due to fluctuations in flow.

## THE CITY

### CITY GOVERNMENT

The City, incorporated as a town in 1851 and as a city in 1857, is the State of Iowa's capital, Polk County's seat and the most populous city in the State. The City operates under a council-manager-ward form of government. The Mayor and two other Council Members are elected at-large; four Council Members each represent a ward of the City.

Mr. Scott Sanders was appointed as City Manager in September of 2014 and is responsible for the day-to-day operations of the City. Mr. Sanders supervises all City staff, serves as the primary advisor to the City Council, directs major economic development initiatives, and is the chief negotiator for the City. He joined the City in 2011 as Finance Director and most recently served as Assistant City Manager. He has a strong background in city management with an emphasis on finance, budgets and administration. Mr. Sanders received a Bachelor of Science degree in Computer Science and a Master's degree in Community and Regional Planning from Iowa State University. He has worked as a Senior Managing Consultant at Public Financial Management, Inc.; as the Finance Director for the City of Council Bluffs; Iowa, and Assistant City Manager and Finance Director for the City of West Des Moines, Iowa.

Mr. Nickolas J. Schaul, CPA is the Finance Director/Treasurer and is responsible for the financial affairs of the City, effective January of 2020. Mr. Schaul had been the Assistant Finance Director since July 2017. Prior to working for the City, he served as Budget/Management Analyst for the City of Iowa City, Iowa from 2013 to 2017, and the Internal Auditor from 2007 to 2013. Prior to his work with the City of Iowa City, Iowa he worked as an Auditor for the Auditor of State – State of Iowa from 2005 to 2007. Mr. Schaul earned a Bachelor of Science Degree in Accounting from the University of Northern Iowa.

### CITY BUDGETING PROCESS

The City's budget policy states that the proposed budget will balance ongoing revenues and expenditures without the use of one-time revenues. Goals of the budget policy include development of a general fund unassigned balance that is no less than 15% of the general fund budget and reduced reliance on property tax revenues with development of significant new revenue sources. One-time surplus revenues will have a priority of supporting capital investment in neighborhood economic development programs. In October 2015, the City Council approved a Governance Guide and Strategic Plan ("GuideDSM") that developed a vision for the City as well as top priorities that would help guide decisions regarding the operating and capital budgets.

Around August of each year, preliminary budget materials are distributed to departments to begin compilation of the revised budget estimates for the current fiscal year and recommended budget estimates for the upcoming fiscal year. Staffing levels, materials and equipment are essential to every city activity. As a result, budget preparation involves reviewing those resources to ensure the quantity of each necessary to maintain the existing level of services. New requests are evaluated to determine what they would accomplish and how necessary the accomplishments are in terms of adequately providing for the well-being, safety and development of the community. The request must also include a level of performance and measure that can be used to determine the progress being made towards the service goal. For services funded from the general fund, any new requests must have no negative financial impact. Thus, either a new revenue source must be identified or existing resources reallocated. Departmental requests for capital outlays are submitted to the Research and Budget Office in the Finance Department for review and possible inclusion in the preparation of the budget. Meetings are held between the Research and Budget staff and departments to review budget recommendations and discuss the effectiveness of existing or proposed programs. Particular attention is directed towards proposals to improve productivity and efficiency. From these discussions, the Research and Budget staff may modify their recommended appropriation levels and revenue estimates and staffing levels. Those programs expected to be fully or partially self-supporting are examined to ensure that they, in fact, achieved that status. New programs, positions, and significant additions to the budget are reviewed by the Budget Review Committee comprised of the Deputy City Manager, Assistant City Managers, HR Director, and Finance Director. This Committee then submits their recommendations to the City Manager for final decision.

Starting in the Fall, the City Council is briefed by the City Manager and departments review various financial forecasts and strategies and establish priorities for the coming year. Each February, the Finance Department conducts an all-day budget workshop to educate City Council on the upcoming budget votes which must be completed by March 31 each year. Concurrent resident engagement efforts are held to educate residents of city services and provide them the opportunity to offer feedback through polling, small group discussions and social media discussions.

The City Manager, with assistance from the Research and Budget Office and Budget Review Committee, reviews the departments’ budget requests and revenue forecasts to ensure that current expenditures do not exceed current revenues. If there are sufficient resources available, the City Manager may include either an increase to an existing service(s) or a new service(s) that addresses the priorities established in the Council workshop process. The recommended budget is then presented to the City Council in January. Public hearings precede City Council modifications and approval of the budget. The Fiscal Year 2022-23 budget was adopted by City Council on March 28, 2022. Tax levies for the new fiscal year (beginning with Fiscal Year 2022-23 and beyond) are certified to the State of Iowa by March 31 of each year.

Pursuant to an agreement between the City, Prairie Meadows Racetrack and Casino (the “Casino”) and Polk County, Iowa, the City receives a portion of gaming revenues generated by the Casino through December 31, 2026. The City budget anticipates \$6 million in Fiscal Year 2022-23 from the revenue-sharing agreement and applies those monies towards street and bridge maintenance and reconstruction projects.

**GENERAL FUND – AVAILABLE FUND BALANCE**

Within its adopted Debt Management Program, the City Council has established a goal to maintain the City’s General Fund unassigned fund balance at no less than 15% of annual expenditures on every June 30<sup>th</sup>. The table below details the historical General Fund Balance available:

2021-22	182,037,913	-----In process of collection-----	

Collections include delinquent taxes from all prior years. Taxes in Iowa are delinquent each October 1 and April 1 and a late payment penalty of 1% per month of delinquency is enforced as of those dates. If delinquent taxes are not paid, the property may be offered at the regular tax sale on the third Monday of June following the delinquency date. Purchaser at the tax sale must pay an amount equal to the taxes, special assessments, interest and penalties due on the property and funds so received are applied to taxes. A property owner may redeem from the regular tax sale but, failing redemption within three years, the tax sale purchaser is entitled to a deed, which in general conveys the title free and clear of all liens except future tax installments.

**LEVY LIMITS**

A city’s general fund tax levy is limited to \$8.10 per \$1,000 of taxable value, with provision for an additional \$0.27 per \$1,000 levy for an emergency fund which can be used for general fund purposes (Code of Iowa, Chapter 384, Division I). Cities may exceed the \$8.10 limitation upon authorization by a special levy election. Further, there are limited special purpose levies, which may be certified outside of the above-described levy limits (Code of Iowa, Section 384.12). The amount of the City’s general fund levy subject to the \$8.10 limitation is \$8.10 for Fiscal Year 2022-23. The City does levy costs for liability, property and self-insurance and employee benefits in addition to the \$8.10 general fund limit as authorized by law. The City does not levy for an emergency fund. Debt service levies are not limited.

**EMPLOYEES AND PENSIONS**

The City currently has 1,662 budgeted full-time employees and approximately 250 part-time/seasonal employees. The City participates in two statewide employee retirement systems, the Iowa Public Employees Retirement System (“IPERS”) and the Municipal Fire and Police Retirement System of Iowa (“MFPRSI”). The State of Iowa administers IPERS and a nine-member board of trustees governs the MFPRSI. Though separate and apart from state government, the MFPRSI board is authorized by state legislature, which also establishes by statute the pension and disability benefits and the system’s funding mechanism. All full-time employees must participate in either IPERS or MFPRSI.

Iowa Public Employees Retirement System: IPERS membership is mandatory for employees of the City, except those covered by another retirement system. The City contributes to IPERS, which is a cost-sharing, multiple-employer, contributory defined benefit public employee retirement system. IPERS provides retirement and death benefits, which are established by state statute, to plan members and beneficiaries. IPERS is authorized to adjust the total contribution rate up or down each year, by no more than 1 percentage point, based upon the actuarially required contribution rate. The City’s contributions to IPERS for the past three fiscal years, as shown below, equal the required contributions for each year.

	<u>FY 2018-19</u>	<u>FY 2019-20</u>	<u>FY 2020-21</u>
IPERS City Contribution	\$7,070,797	\$7,254,857	\$7,573,979

The IPERS Annual Comprehensive Financial Report is available on the IPERS website, or by contacting IPERS at 7401 Register Drive P.O. Box 9117, Des Moines, IA 50321. However, the information presented in such financial reports or on such website is not incorporated into this Preliminary Official Statement by any references.

*Bond Counsel, the City and the Municipal Advisor undertake no responsibility for and make no representations as to the accuracy or completeness of the information available from IPERS discussed above or included on the IPERS website, including, but not limited to, updates of such information on the State Auditor’s website or links to other internet sites accessed through the IPERS website.*

Pursuant to GASB Statement No. 68, the City reported a liability of \$68,062,237 within its ACFR as of June 30, 2021 for its proportionate share of the net pension liability. The net pension liability is the amount by which the total actuarial liability exceeds the pension plan’s net assets or fiduciary net position (essentially the market value) available for paying benefits. The net pension liability was measured as of June 30, 2020, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The City’s proportion of the net pension liability was based on the City’s share of contributions to the pension plan relative to the contributions of all IPERS participating employers. At June 30, 2020, the City’s collective proportion was 0.975698% which was a decrease of 0.001396% from its proportion measured as of June 30, 2019.

The City cannot predict the levels of funding that will be required in the future as any IPERS unfunded pension benefit obligation could be reflected in future years in higher contribution rates. The investment of moneys, assumptions underlying the same and the administration of IPERS is not subject to the direction of the City. Thus, it is not possible to predict, control or prepare for future unfunded actuarial liabilities (“UAL”) of IPERS. The UAL is the difference between total actuarially accrued liabilities and actuarially calculated assets available for the payment of such benefits. The UAL is based on assumptions as to retirement age, mortality, projected salary increases attributed to inflation, across-the-board raises and merit raises, adjustments, cost-of-living adjustments, valuation of current assets, investment return and other matters. Such UAL could be substantial in the future, requiring significantly increased contributions from the City which could affect other budgetary matters.

For additional information on the City’s IPERS pension plan, refer to Note 7, Employee Retirement Systems, Subsection A, beginning on page 74 of the City’s June 30, 2021 ACFR contained as APPENDIX C of this Preliminary Official Statement.

Municipal Fire and Police Retirement System of Iowa: The City contributes to MFPRSI, which is a cost-sharing, multiple-employer, defined benefit pension plan. MFPRSI provides retirement, disability, and death benefits to plan members and beneficiaries. Benefit provisions are established by state statute, and vest after four years of credited service. MFPRSI membership is mandatory for fire fighters and police officers covered by the provisions of Chapter 411 of the Code of Iowa.

MFPRSI plan members are required to contribute a percentage of their annual covered salary, and the City is required to contribute at an actuarially determined rate of annual covered payroll. The contribution requirements of plan members and the City are established and may be amended by state statute. The City’s contributions to MFPRSI for the past three fiscal years, as shown below, equal the required contributions for each year.

	<u>FY 2018-19</u>	<u>FY 2019-20</u>	<u>FY 2020-21</u>
MFPRSI City Contribution	\$14,555,612	\$14,232,013	\$15,224,032

The MFPRSI Financial Statements are available on the MFPRSI website or by contacting MFPRSI at 7155 Lake Drive, Suite 201, West Des Moines, IA 50266. However, the information presented in such financial reports or on such website is not incorporated into this Preliminary Official Statement by any references.

*Bond Counsel, the City and the Municipal Advisor undertake no responsibility for and make no representations as to the accuracy or completeness of the information available from MFPRSI discussed above or included on the MFPRSI website, including, but not limited to, updates of such information on the State Auditor’s website or links to other internet sites accessed through the MFPRSI website.*

Pursuant to GASB Statement No. 68, the City reported a liability of \$145,346,816 within its ACFR as of June 30, 2021 for its proportionate share of the net pension liability. The net pension liability is the amount by which the total actuarial liability exceeds the pension plan’s net assets or fiduciary net position (essentially the market value) available for paying benefits. The net pension liability was measured as of June 30, 2020, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The City’s proportion of the net pension liability was based on the City’s share of contributions to the pension plan relative to the contributions of all MFPRSI participating employers. At June 30, 2020, the City’s proportion was 18.2230% which was a decrease of 0.2142% from its proportion measured as of June 30, 2019.

For additional information on the City’s MFPRSI pension plan, refer to Note 7, Employee Retirement Systems, Subsection B, beginning on page 79 of the City’s June 30, 2021 ACFR contained as APPENDIX C of this Preliminary Official Statement.

**OTHER POST-EMPLOYMENT BENEFITS (OPEB)**

Plan Description: The City sponsors an agent multi-employer health care plan that provides medical, prescription drugs and dental benefits to all active and retired employees and their eligible dependents. Employees who have attained age 55 and retire from active employment are eligible for retiree benefits. Eligible retirees and their dependents receive medical and prescription coverage through a fully insured plan with Wellmark Blue Cross/Blue Shield and dental benefits through a self-insured plan. These are the same plans that are available for active employees.

Funding Policy: The City establishes and amends the contribution requirements. The current funding policy of the City is to pay health insurance premiums as they occur. This arrangement does not qualify as other postemployment benefits (“OPEB”) plan assets under GASB Statement No. 75 for current GASB reporting.

Retirees are required to pay 102% of the premium rate which results in an implicit subsidy. Contributions of the full premium are required for both retiree and dependent coverage. The contributions for each insured group is assumed to be the expected, composite per capita cost for the group. This composite is then disaggregated into an age-specific starting costs curve based on the average age of the group and for assumptions for age-based morbidity. The average age of the pre-65 retiree group is 61. Retiree expenses are then offset by monthly contributions. The City does not issue a publicly available financial report for the plan. As of the Fiscal Year ended June 30, 2021, 1,601 active employees and 182 retired employees were utilizing these benefits.

Changes in the Total OPEB Liability: The City’s total OPEB liability as of the Fiscal Year ended June 30, 2021 was \$22,792,325. This balance was determined by an actuarial valuation as of that date.

	<u>Total OPEB Liability</u>
Balance as of June 30, 2020	\$22,869,853
Service cost	1,524,709
Interest	632,453
Changes in assumptions	645,877
Difference between expected and actual experience	(1,636,097)
Benefit payments	<u>(1,244,470)</u>
Balance as of June 30, 2021	\$22,792,325

The covered payroll (annual payroll of active employees covered by the plan) was approximately \$133,211,961 and the ratio of the total OPEB liability to the covered payroll was 17.11%.

For additional information on the City’s OPEB, refer to Note 15, Other Postemployment Benefits, beginning on page 95 of the City’s June 30, 2021 ACFR contained as APPENDIX C of this Preliminary Official Statement.

## **RISK MANAGEMENT**

Risk management information is collected on the City’s loss experience and efforts are directed at maintaining a comprehensive risk management program. The program identifies exposures, educates employees and management about the risks, and implements risk reduction and control programs. The risk identification and control efforts, as well as the educational process, are ongoing.

Property insurance for the City is provided by Alliant Insurance Services, Inc. with a loss limit of \$500,000,000 and loss of business income with extra expense coverage of up to \$100,000,000 with various levels of deductibles. Excess liability coverage is maintained through Allied World in the amount of \$10,000,000 per occurrence, with a \$2,000,000 self-insured retention. Workers compensation insurance is maintained for all employees through Safety National Casualty Corporation at statutory limits, with a \$1,250,000 self-insured retention. Additionally, the Municipal Housing Agency purchases first dollar workers compensation coverage.

For certain enterprise fund operations, automobile liability insurance is maintained through Travelers Insurance Companies with a per occurrence limit of \$2,000,000 and a \$5,000 deductible. This policy is designed to cover the excess liability policy’s \$2,000,000 self-insured retention. The City purchases a blanket property insurance policy with a \$100,000 per occurrence deductible. The Municipal Housing Agency also purchases its own blanket property insurance policy with a \$5,000 deductible per occurrence.

The City has purchased cyber liability insurance coverage over data security and general cyber-crimes. This coverage includes access to incident response experts as well as coverage for costs related to recovering data and bringing systems back online.

The City's tort liability claims and related administration expenses are accounted for in the appropriate fund related to the claim. Claims and related administrative expenses related to the General Fund, are accounted for in the Tort Liability Fund, a Special Revenue Fund. Health benefit insurance and related administration expenses are accounted for in an internal service fund. The current portion of workers' compensation claims is recorded in the same fund as the recipient's payroll was recorded.

Within the past ten years, there has only been one workers' compensation claim that has been initiated, which exceeded the City's current \$1,250,000 self-insured coverage. Within the past ten years, the City has had no claim for which it utilized its excess liability insurance policy. However, in 2017, the City settled a liability claim for \$2,100,000 of which the maximum \$2,000,000 was paid out by the enterprise operation's insurance with the remaining \$100,000 being paid by the City. Liabilities are reported when it is probable that a loss will occur, and the amount of the loss can be reasonably estimated. Claim liabilities are calculated considering recent claim settlement trends, including frequency and amount of payouts and other economic and social factors.
