If not occupied, the structure is to remain vacant and unoccupied until occupancy is authorized by this office.

If the structure is occupied, it must be **vacated immediately**. If procedures to vacate the premises are not undertaken immediately upon receipt of this notice, and in no case later than seven (7) days, the City may seek a court order directing you to vacate the structure, pursuant to Section 60-191 and 60-192 of the Municipal Code of the City of Des Moines, Iowa.

**ALL ELECTRICAL, MECHANICAL, PLUMBING, AND STRUCTURAL COMPONENTS IN NEED OF REPLACEMENT OR REPAIR, ARE TO BE BROUGHT TO MINIMUM CODE REQUIREMENTS WITH NECESSARY PERMITS AS REQUIRED TO MEET CITY CODES.** Should you have any questions regarding permits, contact the Permit and Development Center at (515) 283-4200. All work performed by a contractor or you must be completed in a workmanlike manner.

If you plan to renovate the structure and it has been vacant for over a year, there may be zoning issues, which may affect the renovation plans. Please contact the Development Zoning Division at (515) 283-4207 to determine if there is anything you should be aware of.

If you decide to demolish the building or take the structure down, you will need a demolition permit.

If you cannot renovate or demolish the structure, contact me to discuss allowing the City to remove the structure. There will be costs billed out to you and possibly a judgment. It may be cheaper for you to remove the structure yourself.

If you no longer own this property, please let us know.

Unpaid costs may be collected by personal judgment, collection, or assessment to be collected as a property tax.

Should you have any questions, feel free to call. I can usually be reached between 8:00 a.m. and 9:00 a.m., Monday through Friday.

Thank you for your help,
