Part C) Approval of the requested rezoning from "N3b" Neighborhood District to "RX1" Mixed Use District instead of the requested "RX2" Mixed Use District.

STAFF RECOMMENDATION TO THE P&Z COMMISSION

Part A) Staff recommends that the requested rezoning be found not in conformance with the existing PlanDSM future land use designation of Low Density Residential on the eastern portion of the subject property.

Part B) Staff recommends approval of the requested amendment to the PlanDSM: Creating Our Tomorrow Plan to revise the future land use classification Low Density Residential to Neighborhood Mixed Use.

Part C) Staff recommends approval of the requested rezoning from "N3b" Neighborhood District to "RX1" Mixed Use District instead of the requested "RX2" Mixed Use District.

STAFF REPORT TO THE PLANNING COMMISSION

I. GENERAL INFORMATION

1. Purpose of Request: The subject property contains an existing building that was built for, and continuously used for, office space. The property was rezoned from "C-0" Commercial-Residential District to "N3b" Neighborhood District as part of the citywide Zoning Ordinance and Map update effective on December 16, 2019, since PlanDSM's future land use plan map designates the property as Low-Density Residential. The applicant is proposing to rezone the property to a commercial district so that office use would be a conforming use of the property.

Should the existing office use on the property lapse for a period longer than six (6) months or if there is a change in use, the applicant would be required to prepare a Site Plan and building elevations for review before the property can be occupied by a new proposed use. Any development must comply with all applicable site plan and design regulations of the Planning and Design Ordinance.

2. Size of Site: 0.41 acres (17,764 square feet).

3. Existing Zoning (site): "N3b" Neighborhood District.

4. Existing Land Use (site): The subject property contains a 6000-square foot, one-story office building.

5. Adjacent Land Use and Zoning:

North – “N3b”; Use is one-household residential.

South – “N3b”; Uses are church, office, and a surface parking lot.

East – “N3b”; Uses are one-household and two-household residential.

West – “N3b”; Uses are multiple-household residential and a surface parking lot.

6. **General Neighborhood/Area Land Uses:** The subject property is located along 30th Street to the north of a commercial node centered at the intersections with Leado Avenue and Payne Road. It is within a quarter mile of a designated future Community Node. The uses along the 30th Street corridor include a mix of housing, office and religious uses.
7. **Applicable Recognized Neighborhood(s):** The subject property is located in the Beaverdale Neighborhood Association and within 250 feet of the Prospect Park Neighborhood Association. All neighborhood associations were notified of the public hearing by emailing of the Preliminary Agenda on April 12, 2024 and of the Final Agenda on April 26, 2024.

Additionally, separate notifications of the hearing for this specific item were mailed on April 12, 2024 (20 days prior to the public hearing) and April 22, 2023 (10 days prior to the public hearing) to the Neighborhood Association and to the primary titleholder on file with the Polk County Assessor for each property within 250 feet of the site. All notices are mailed to the primary contact(s) designated by the recognized neighborhood association to the City of Des Moines Neighborhood Development Division on the date of the mailing. The Beaverdale Neighborhood Association notices were sent to Dave Busiek, PO Box 30175, Des Moines, IA 50310. The Prospect Park Neighborhood Association notices were sent to Mark Gordon, 2400 26th Street, Des Moines, IA 50310.

The applicant can provide a summary of the neighborhood meeting at the public hearing.

8. **Relevant Zoning History:** The subject property was rezoned from “C-0” Commercial-Residential District to “N3a” Neighborhood District as part of the citywide Zoning Ordinance and Map update effective on December 16, 2019.
9. **PlanDSM: Creating Our Tomorrow Plan Land Use Plan Designation:** Low Density Residential.
10. **Applicable Regulations:** Taking into consideration the criteria set forth in Chapter 18B of the Iowa Code, the Commission reviews all proposals to amend zoning boundaries or regulations within the City of Des Moines. Such amendments must be in conformance with the comprehensive plan for the City and designed to meet the criteria in 414.3 of the Iowa Code. The Commission may make recommendations to the City Council on conditions to be made in addition to the existing regulations so long as the subject property owner agrees to them in writing. The recommendation of the Commission will be forwarded to the City Council.

II. ADDITIONAL APPLICABLE INFORMATION

1. **PlanDSM Creating Our Tomorrow: PlanDSM Creating Our Tomorrow:** The applicant is requesting that the future land use designation of the subject property be revised from “Low Density Residential” to “Neighborhood Mixed Use”. PlanDSM describes this designation as follows:

Low Density Residential: Areas developed with primarily single family and two family residential units with up to 6 dwelling units per net acre.

Neighborhood Mixed Use: Small scale mixed use development typically located at the intersections of collector and/or arterial streets and along transportation corridors. Non-residential development is designed to serve the immediate neighborhood and include small retail, offices, restaurants, and service oriented development. Low-medium density residential may be included in mixed use development.

The subject property is currently zoned “N3b” Neighborhood District. The Zoning Ordinance describes “N3b” district as, “intended to preserve the scale and character of residential neighborhoods developed predominantly during the 1950s through 1970s typically in the ranch, split-level, or cottage style pursuant to House B building type in section 135-2.14 of this code and House C in section 135- 2.15 of this code.”

The applicant has requested to rezone the subject parcel to the “RX2” Mixed Use District. The Zoning Ordinance describes “RX2” District as, “intended for transitional areas between MX districts and N districts, providing for residential and office buildings at a scale and intensity higher than RX1.”

The subject property is located along 30th Street in an area that includes a mix of housing types, offices, and religious/assembly uses. Staff acknowledges that the applicant was initially advised to seek an “RX2” Mixed Use District designation for the property. After further analysis, Staff believes that due to the character of the existing uses along the corridor and proximity to the residential uses, an “RX1” Mixed-Use District would be a more appropriate district. An “RX1” District allows an office use, while prohibiting slightly more intense uses permitted in the “RX2” District (such as a Assembly and Entertainment – Large use) that could negatively impact the adjacent uses.

The Zoning Ordinance describes “RX1” District as, “intended for transitional areas between MX districts and N districts, providing for residential and office buildings at a scale and intensity appropriate for corridors adjacent to low-scale neighborhoods.” Staff believes that this district is appropriate for the site and allows the applicant to continue using the building for an office use.

2. **Planning and Design Ordinance:** Should the existing use lapse over a period of six (6) months, the applicant would be required to prepare a Site Plan and building elevations for review and approval before the property can be occupied by a new proposed use. This Site Plan would ensure that all current requirements, including those pertaining to off-street parking, landscaping, screening, and stormwater management, are satisfied.

SUMMARY OF DISCUSSION

Johnny Alcivar asked if any member of the public or commission desired to speak on the item. No one requested to speak.

COMMISSION ACTION:

Will Page made a motion for approval that A) the requested rezoning be found not in conformance with the existing PlanDSM future land use designation of Low Density Residential on the eastern portion of the subject property.

Part B) Approval of the requested amendment to the PlanDSM: Creating Our Tomorrow Plan to revise the future land use classification Low Density Residential to Neighborhood Mixed Use.

Part C) Approval of the requested rezoning from "N3b" Neighborhood District to "RX1" Mixed Use District instead of the requested "RX2" Mixed Use District.
