Part B) Rezoning the property from “MX1” Mixed-Use District to “MX2” Mixed-Use District.

STAFF RECOMMENDATION TO THE P&Z COMMISSION

Part A) Staff recommends that the requested rezoning be found in conformance with PlanDSM: Creating Our Tomorrow Comprehensive Plan future land use designation of Neighborhood Mixed Use.

Part B) Staff recommends approval of the request to rezone the property from “MX1” Mixed-Use District to “MX2” Mixed-Use District.

STAFF REPORT TO THE PLANNING COMMISSION

GENERAL INFORMATION

- 1. Purpose of Request:** The applicant is proposing interior and exterior renovation of an existing 10,000 square foot historic building to add two restaurant spaces on the ground level and a speakeasy lounge in the basement. The second floor of the building is proposed for residential use. The rezoning to “MX2” District is necessary to allow the basement lounge, which falls under the Commercial category and is most consistent with an Eating and Drinking Places - Bar use type and does not conform to what is allowed in the existing “MX1” zoning district. Should the rezoning be approved, a site plan will be required for a change in the use of the property that complies with applicable design regulations within City Code Chapter 135.

A Conditional Use Approval would be required from the Zoning Board of Adjustment to allow a Bar use per section 134-3.5.9.

- 2. Size of Site:** 12,482 square feet (0.29 acres).
- 3. Existing Zoning (site):** “MX1” Mixed-Use District.
- 4. Existing Land Use (site):** The subject property includes a 10,000 square foot 2-story building.
- 5. Adjacent Land Use and Zoning:**
 - North** – “MX1”, “P2”; Uses are a financial building, a church, and a surface parking lot.
 - South** – “MX1”; Use is a mixed use building with commercial and residential uses.
 - East** – “MX1”, Uses are retail, commercial, office uses with a surface parking lot.
 - West** – “MX1”; Uses are a surface parking lot.
- 6. General Neighborhood/Area Land Uses:** The subject property is located along the 6th Avenue corridor and within the Highland Park neighborhood node. This area is characterized by an activated streetscape with several businesses along the 6th Avenue and Euclid Avenue corridors. There are also multiple-household residential and mixed uses within this node and in close proximity to the subject property.
- 7. Applicable Recognized Neighborhood(s):** The subject property is located in the Oak Park Neighborhood and within 250 feet of the Highland Park Neighborhood Association. All neighborhood associations were notified of the public hearing by

emailing the Preliminary Agenda on October 18, 2024, and of the Final Agenda on November 1, 2024.

Additionally, an official public notice of the hearing for this specific item was mailed on October 18, 2024 (20 days before the hearing), and on October 28, 2024 (10 days before the hearing), to any Neighborhood Association and to the primary titleholder on file with the Polk County Assessor for each property within 250 feet of the site or adjacent to the site. All Neighborhood Association mailings are sent to the primary contact designated by the recognized Neighborhood Association on file with the City of Des Moines' Neighborhood Services Department.

The applicant will provide a summary of the neighborhood meeting at the public hearing.

8. Relevant Zoning History: None.

9. PlanDSM: Creating Our Tomorrow Plan Land Use Plan Designation: Neighborhood Mixed Use within a Neighborhood Node.

10. Applicable Regulations: Taking into consideration the criteria set forth in Chapter 18B of the Iowa Code, the Commission reviews all proposals to amend zoning boundaries or regulations within the City of Des Moines. Such amendments must be in conformance with the comprehensive plan for the City and designed to meet the criteria in 414.3 of the Iowa Code. The Commission may make recommendations to the City Council on conditions to be made in addition to the existing regulations so long as the subject area owner agrees to them in writing. The recommendation of the Commission will be forwarded to the City Council.

II. ADDITIONAL APPLICABLE INFORMATION

1. PlanDSM Creating Our Tomorrow: The future land use designation for the property is "Neighborhood Mixed Use" within a "Neighborhood Node". PlanDSM describes this designation as follows:

Neighborhood Mixed Use: Small scale mixed use development typically located at the intersections of collector and/or arterial streets and along transportation corridors. Non-residential development is designed to serve the immediate neighborhood and include small retail, offices, restaurants, and service oriented development. Low-medium density residential may be included in mixed use development.

Neighborhood Node: These nodes are the smallest in size and offer services that provide for basic daily needs of the local population in the surrounding neighborhood. May include restaurants, shops and smaller scale businesses. Residential development including low-medium and medium densities may occur.

The subject property is currently zoned "MX1" District. The Zoning Ordinance describes "MX1" as "intended for the mixed-use, neighborhood-scale nodes and corridors within the city, where daily uses are accessible by walking from surrounding neighborhoods."

The applicant is proposing to rezone the subject property to the “MX2” District. The Zoning Ordinance describes “MX2” as, “intended for mixed-use, regional-scale nodes and corridors within the city, where residents and visitors may access multiple uses by walking.”

Staff believes that the proposed rezoning to “MX2” District would be consistent with the Neighborhood Mixed-Use within a Neighborhood Node future land use designation where small scale non-residential uses serve the immediate neighborhood, as well as the larger travelling public along the major corridors such as 6th Avenue and Euclid Avenue. It is also consistent with the general character of the area and the existing commercial and mixed uses along the 6th Avenue corridor and the Highland Park neighborhood node.

While the proposed zoning is appropriate at this location, the proposed use requires a Conditional Use which is subject to a 150-foot separation distance requirement from any church or place of worship, school, public park or licensed childcare facility. This proposed use does not meet the separation distance requirement due to close proximity to a church use to the north of the property along 6th Avenue.

2. **Conditional Use Approval:** A Conditional Use Approval would be required from the Zoning Board of Adjustment to allow a Bar use per section 134-3.5.9 in the MX2 District. Any premises to be occupied by such a use must be separated by at least 150 feet from the property line of the lot where any church or place of worship, school, public park or licensed childcare facility as defined by Iowa Code Chapter 237A, are located. Staff notes that a Church use is located immediately to the north of Clinton Avenue and will therefore not satisfy the separation distance requirement of 150 feet for the proposed bar use and a Variance will be necessary to allow this use at the proposed location. Staff also notes that the criteria necessary for granting a Variance are stringent.
3. **Planning and Design Ordinance:** Should the rezoning be approved, the applicant would be required to prepare a site plan for any proposed additions or modifications.

Any future construction or development of the site including pedestrian access and circulation must comply with all applicable site plan and design regulations of the Planning and Design Ordinance (Chapter 135 of City Code).

Additionally, motor vehicle parking shall be provided in accordance with section 135-6 of the Planning and Design Ordinance. Minimum parking requirements for the proposed use are 1 parking space per 150 sq. ft. for eating and drinking places. Staff notes that on-street or shared parking arrangements may be used to satisfy minimum parking requirements. Any on-street or shared parking spaces to be used to meet minimum parking requirements should be noted on the site plan.

4. **Accessibility and Building Code:** Building and site work must comply with accessibility requirements of the ANSI A117.1 standard for accessibility, International Building Code and International Existing Building Code. These codes require accessible parking where parking is provided, an accessible route from accessible parking to an accessible entrance, and accessible routes throughout the building.

Since the building is located near property lines, Code requirements for exterior walls and maximum allowed exterior wall openings should be evaluated prior to finalizing building plans.

SUMMARY OF DISCUSSION

Johnny Alcivar asked if any member of the public or commission desired to speak on the item. No one requested to speak.

COMMISSION ACTION

Will Page made motion for approval of the following:

Part A) The requested rezoning be found in conformance with PlanDSM: Creating Our Tomorrow Comprehensive Plan future land use designation of Neighborhood Mixed Use.

Part B) Rezone the property from "MX1" Mixed-Use District to "MX2" Mixed-Use District.

Introductions

Property & development description:

Discussed the history of the project and the renovation plans for the future apartment and retail uses. Discussed the challenges in redeveloping a smaller historic building while preserving the historic fabric and the value that the proposed tenant would bring to the neighborhood in serving as another hospitality location for patrons and neighbors.

Zoning is currently set at MX1 and want to re-zone to MX2. The difference in the two is that MX2 would allow for a bar use. The tenant is intending on serving food in some capacity but is unsure how in depth at this point in time.

Attendee Comments / Concerns:

- Introductions by the development team and tenant/operator of the proposed space.
- Development team shared drawings and presented the scope of work for the historic rehab project.
- Operator provided background information about their team and other operations they have in the metro. They provided drawings of the proposed finishes and how the space would be used.
- There was discussion about the proposed design as well as how the tenant plans to control noise and other potential disturbances. The operator was quick to describe their history in owning and operating restaurants that serve alcohol which appeased the concerns.
- All attendees saw the value in bringing this use to the neighborhood and were in full support of this operation.

Attendees:

Alec Davis – Operator
Austin Baeth – Operator
Bill Wheeler – Neighboring Business Owner

Shelly Wilson – Neighbor

Philip Herman – Member of the Neighborhood Association and Church operator in the neighborhood

Abbey Gilroy – Executive Director of Neighborhood Development Corporation and Neighboring property owner

Amy Coenen – Director of Operations at NDC

SREYOSHI CHAKRABORTY

Hi Sreyoshi,

I'm a business owner in the Highland park Oak Park neighborhood. I'm a chiropractic physician and my family has owned Bates chiropractic clinic since 1959.

I'm unable to make the meeting on Thursday night. I take care of an elderly mother.

I just wanted to express to you my enthusiastic support of this rezoning. This will bring amazing amenities and greater quality of life to this beautiful neighborhood that has been blighted for too many years.

I really appreciate your support!

Kind regards,

Dr. Lisa Bates
