DATE June 28, 2010

CANCEL THE BIDS ON  
JACKSON AVENUE DETENTION BASIN PUMP STATION  
AND TO CLOSE THE HEARING ON THE PLANS, SPECIFICATIONS, FORM  
OF CONTRACT DOCUMENTS, AND ENGINEER'S ESTIMATE

WHEREAS, on May 24, 2010, under Roll Call No. 10-786, plans, specifications, form of contract documents, and Jurisdictional Engineer's estimate of construction cost were filed with the City Clerk for the construction of the following improvement:

Jackson Avenue Detention Basin Pump Station, 08-2009-004  
08-DRI-235

The improvement includes construction of a storm water pump station, regrading of Jackson basin, installation of 486' of 14' X 5' RC Box Culvert, 110' of 42" sewer and miscellaneous associated work including cleanup and other incidental items; in accordance with the contract documents, including Plans File Nos. 516-144/180, at the Jackson Avenue Detention Basin, 1503 SE 9th Street, Des Moines, Iowa

WHEREAS, notice of the hearing on the plans, specifications, form of contract documents, and Jurisdictional Engineer's estimate of construction cost was published as required by law; and

WHEREAS, on June 2, 2010, the City Engineer issued Addendum No. 1 on the project that canceled the June 15, 2010, bid date. During the final plan review process with the Rock Island Corps of Engineers, the City was notified that the Corps of Engineers had reclassified this project as a major modification to the levee system, and under the Corps new processes a major modification must be reviewed by the Vicksburg Division Office. This additional review could take several months to complete; therefore, the City Engineer issued Addendum No. 1 on this project, which cancelled the June 15, 2010 bid date; and informed the bidders that when the Corps review is complete, the City Council will establish a new bid date. Staff is working with the Corps of Engineers to determine what is required to satisfy the Federal review requirements. At this time, the Corps of Engineers has indicated that the City will be required to hire a Corps of Engineers approved consultant to prepare an independent analysis of the design.

NOW, THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF DES MOINES, IOWA: That the City Council concurs with the action of the City Engineer to cancel the June 15, 2010 bid date; and the hearing on the plans, specifications, form of contract documents, and Engineer's estimate of construction cost for said improvement be and is hereby **CLOSED**.
